FORM SDR

APPLICATION OR AMENDMENT TO APPLICATION FOR REGISTRATION OR
WITHDRAWAL FROM
REGISTRATION AS SECURITY-BASED SWAP DATA REPOSITORY UNDER
THE SECURITIES EXCHANGE ACT OF 1934

GENERAL INSTRUCTIONS FOR PREPARING AND FILING FORM SDR

1. Form SDR and exhibits thereto are to be filed electronically in a tagged data format through EDGAR with the Securities and Exchange Commission by an applicant for registration as a security-based swap data repository, by a registered security-based swap data repository amending its application for registration, or by a registered security-based swap data repository withdrawing its registration, pursuant to Section 13(n) of the Securities Exchange Act of 1934 (“Exchange Act”) and Rules 13n-1 and 13n-2 thereunder. The electronic filing requirements of Regulation ST will apply to all such filings.
2. With respect to an applicant for registration as a security-based swap data repository, Form SDR also constitutes an application for registration as a securities information processor. An amendment or withdrawal on Form SDR also constitutes an amendment or withdrawal of securities information processor registration pursuant to Section 11A of the Exchange Act and the rules and regulations thereunder. Applicants for registration as a securities information processor not seeking to become dually-registered as a security-based swap data repository and a securities information processor, or registered securities information processors that are not dually-registered as a security-based swap data repository and a securities information processor, should continue to file on Form SIP.
3. Upon the filing of an application for registration, the Commission will publish notice of the filing and afford interested persons an opportunity to submit written data, views, and arguments. No application for registration shall be effective unless the Commission, by order, grants such registration.
4. Individuals’ names shall be given in full (last name, first name, middle name).
5. Form SDR shall be signed by a person who is duly authorized to act on behalf of the security-based swap data repository.
6. If Form SDR is being filed as an application for registration, all applicable items must be answered in full. If any item is not applicable, indicate by “none” or “N/A” as appropriate.

7. Disclosure of the information specified on this form is mandatory prior to processing of an application for registration as a security-based swap data repository and a securities information processor. The information will be used for the principal purpose of determining whether the Commission should grant or deny registration to an applicant. Except in cases where confidential treatment is requested by the applicant and granted by the Commission pursuant to the Freedom of Information Act and the rules of the Commission thereunder, information supplied on this form may be made available on the Commission's website, will be included routinely in the public files of the Commission, and will be available for inspection by any interested person. A form that is not prepared and executed in compliance with applicable requirements may be deemed as not acceptable for filing. Acceptance of this form, however, shall not constitute any finding that it has been filed as required or that the information submitted is true, current, or complete. Intentional misstatements or omissions of fact constitute federal criminal violations (see 18 U.S.C. 1001 and 15 U.S.C. 78ff(a)).
8. Rule 13n-1(d) under the Exchange Act requires a security-based swap data repository to amend promptly Form SDR if any information contained in items 1 through 17, 26, and 48 of his application, or any amendment thereto, is or becomes inaccurate for any reason. Rule 13n-1(d) under the Exchange Act also requires a security-based swap data repository to file annually an amendment on Form SDR within 60 days after the end of each fiscal year of such security-based swap data repository. Rule 13n-2 under the Exchange Act requires a security based swap data repository that seeks to withdraw from registration to file such withdrawal on Form SDR.
9. For the purposes of this form, the term "applicant" includes any applicant for registration as a security-based swap data repository or any registered security-based swap data repository that is amending Form SDR or withdrawing its registration as a security-based swap data repository. In addition, the term "applicant" includes any applicant for registration as a securities information processor.
10. Applicants filing Form SDR as an amendment (other than an annual amendment) need to update any information contained in items 1 through 17, 26, and 48 that has become inaccurate since the security-based swap data repository's last filing of Form SDR. An applicant submitting an amendment (other than an annual amendment) represents that all unamended information contained in items 1 through 17, 26, and 48 remains true, current, and complete as filed.
11. Applicants filing a withdrawal need to update any items or exhibits that are being amended since the security-based swap data repository's last filing of Form SDR. An applicant submitting a withdrawal represents that all unamended items and exhibits remain true, current, and complete as filed.
12. Applicants filing an annual amendment must file a complete form, including all pages, answers to all items, together with all exhibits. Applicants filing an annual amendment must indicate which items have been amended since the last annual amendment, or, if the

security-based swap data repository has not yet filed an annual amendment, since the security-based swap data repository's application for registration.

DEFINITIONS: Unless the context requires otherwise, all terms used in this form have the same meaning as in the Exchange Act, as amended, and in the rules and regulations of the Commission thereunder.

This collection of information will be reviewed by the Office of Management and Budget in accordance with the clearance requirements of 44 U.S.C. 3507. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number. The Commission estimates that the average burden to respond to Form SDR will be between 12 and 482 hours depending upon the purpose for which the form is being filed. Any member of the public may direct to the Commission any comments concerning the accuracy of this burden estimate and any suggestions for reducing this burden. It is mandatory that a security-based swap data repository file all notifications, updates, and reports required by Rules 13n-1 and 13n-2 using Form SDR.
