SUMMARY: The FAA is withdrawing the Notice of proposed rulemaking published in the Federal Register on September 3, 2010, to remove VHF omnidirectional range (VOR) Federal airway V–284, which extends between Sea Isle, NJ and Cedar Lake, NJ. Upon further consideration, the FAA has determined that an operational requirement for the airway still exists; therefore, withdrawal of the proposed rule is warranted.

DATES: Effective date 0901 UTC, March 8, 2011. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Paul Gallant, Airspace, Regulations and ATC Procedures Group, Office of Airspace Services, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

History

Upon further consideration, we have determined that the removal of V–284 is not warranted at this time. Therefore, the NPRM is withdrawn.

The Withdrawal

Accordingly, pursuant to the authority delegated to me, the FAA withdraws the NPRM published in the Federal Register on September 3, 2010 (75 FR 54058) [FR Doc. 2010–22007].

Issued in Washington, DC, on March 2, 2011.

BILLING CODE 4910–13–P
I. Introduction

The Commission proposed Regulation MC pursuant to Section 765 of the Dodd Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act") to mitigate conflicts of interest with respect to security-based swap clearing agencies, SB SEFs, and SBS exchanges. Section 765(a) of the Dodd-Frank Act provides that the Commission shall adopt rules, which may include numerical limits on the control of, or the voting rights with respect to, any security-based swap clearing agency, or on the control of any SB SEF or SBS exchange, by certain specified entities. Under Section 765(b) of the Dodd-Frank Act, the Commission shall adopt such rules if it determines that they are necessary or appropriate to improve the governance of, or to mitigate systemic risk, promote competition or mitigate conflicts of interest in connection with a security-based swap dealer’s or major security-based swap participant’s conduct of business with, a security-based swap clearing agency, SB SEF, or SBS exchange and in which such security-based swap dealer or major security-based swap participant has a material debt or equity investment.

In the Regulation MC Proposing Release, the Commission identified conflicts of interest that may arise when a small number of participants, including participants that are Specified Entities, exercise undue control or influence over a security-based swap clearing agency, SB SEF or SBS exchange. To address these potential conflicts of interest, and pursuant to Section 765 of the Dodd-Frank Act, the Commission proposed certain restrictions in Regulation MC with respect to the ownership and voting interests in and the governance of security-based swap clearing agencies, SB SEFs and SBS exchanges. Specifically, the Commission proposed two alternative rules for security-based swap clearing agencies that would impose different degrees of voting and governance restrictions on such entities and one set of rules that would impose ownership and governance limitations on SB SEFs and SBS exchanges.

In the Regulation MC Proposing Release, the Commission sought commenters’ views with respect to the identified conflicts of interest and its proposed rulemakings.

Proposed Rule 701(a) of Regulation MC sets forth the “Voting Interest Focus Alternative,” which would create a limitation on ownership and voting of voting interests for participants of a security-based swap clearing agency to no more than 20% on an individual basis and, in the aggregate, no more than 40% ("aggregate cap"). Proposed Rule 701(a) would also limit members’ participation in the governance of the security-based swap clearing agency by requiring that at least 35% of the security-based swap clearing agency’s board of directors ("board") and committees authorized to act on behalf of such board, including the risk committee, be composed of independent directors. The nominating committee of the security-based swap clearing agency’s board would be required to be composed of a majority of independent directors. See Regulation MC Proposing Release, 75 FR at 65894–65899.

Proposed Rule 701(b) of Regulation MC sets forth the “Governing Focus Alternative,” which would create a limitation on ownership of voting interests for participants of a security-based swap clearing agency to no more than 5% on an individual basis but would impose no aggregate cap. Proposed Rule 701(b) would also limit members’ participation in the governance of the security-based swap clearing agency by requiring that at least a majority of the security-based swap clearing agency’s board and committees authorized to act for such board, including the risk committee, be composed of independent directors. The nominating committee of the security-based swap clearing agency’s board would be required to be composed solely of independent directors. See Regulation MC Proposing Release, 75 FR at 65899–65903.

Proposed Rule 702(b) of Regulation MC would impose a 20% limitation on ownership and voting of voting interests in a SB SEF or an SBS exchange by each participant of a SB SEF or member of an SBS exchange. Proposed Rules 702(d) and (g) would require that the board of a SB SEF or SBS exchange, any executive committee of such board, and any board committee with the authority to act on behalf of the board, be composed of a majority of independent directors, and proposed Rule 702(f) would require the nominating committee of the board of the SB SEF or SBS exchange to be composed solely of independent directors. Proposed Rule 702(e) would require the board of the SB SEF or SBS exchange to establish a regulatory oversight committee consisting solely of independent directors to oversee the SB SEF’s or SBS exchange’s regulatory program. Any recommendation of the regulatory oversight committee that the board did not adopt by the board of the SB SEF or SBS exchange would be required to be reported promptly to the Commission. Further, proposed Rule 702(h) would require the board, chief executive officer, and chief compliance officer to establish the processes of the SB SEF or SBS exchange to provide for compositional balance and to include at least one independent director. See Regulation MC Proposing Release, 75 FR at 65894–65912.
proposed rules that are designed to mitigate those conflicts. The public comment period for proposed Regulation MC closed on November 26, 2010. As of March 1, 2011, the Commission has received 100 comment letters relating to proposed Regulation MC. 7 The Commission also received 6 comment letters relating to Section 765 of the Dodd-Frank Act that were received in response to the Commission’s general solicitation of comments regarding implementation of the Dodd-Frank Act. 8 These letters were submitted by a broad spectrum of interested parties and reflect a wide array of views regarding the proposed limitations on ownership and voting interests and governance arrangements in proposed Regulation MC. 9 A number of other commenters opposed some or all of the proposed restrictions and questioned whether it is necessary or appropriate for the Commission to adopt rules to mitigate conflicts of interest under Section 765 or whether the Commission should adopt rules without conducting a further review. 11

On February 2, 2011, the Commission proposed an interpretation of the definition of “security-based swap execution facility,” as well as rules relating to the registration and regulation of SB SEFs. 12 The SB SEF Proposing Release includes proposals that are designed, in part, to address conflicts of interest affecting SB SEFs. 13 The SB SEF Proposing Release seeks commenters’ views regarding the interaction of proposed Regulation SB SEF with proposed Regulation MC. Specifically, the SB SEF Proposing Release asks commenters, taking into account both proposals, to address whether the proposals contained in proposed Regulation SB SEF would appropriately address conflicts of interest concerns for SB SEFs or whether they should be revised either as unnecessary or insufficient to address such conflicts of interest. The SB SEF Proposing Release also asks commenters to provide their views on whether there any redundancies or gaps for mitigating conflicts of interest for SB SEFs that should be addressed. 14 The public comment period for proposed

(November 17, 2010 and November 24, 2010); and Letter from Robert Pickel, Executive Vice Chairman, International Swaps and Derivatives Association, Inc. (November 23, 2010).

13 Specifically, proposed Rule 809 of proposed Regulation SB SEF would require a SB SEF to permit any security-based swap dealer, major security-based swap participant or broker to become a participant of the SB SEF as long as specified objective criteria are met; proposed Rule 811(b) would require a SB SEF to establish fair, objective, and not unreasonably discriminatory standards for granting impartial access to trading on the facility, and would specify that a SB SEF may not unreasonably prohibit or limit any person with respect to access to the services offered by the SB SEF by applying those standards in an unfair or unreasonably discriminatory manner; proposed Rule 811(b) also would require information on any grants, denials or limitations of access by the SB SEF to be reported on Form SB SEF (the proposed form for SB SEFs) and in the required annual report of the SB SEF’s Chief Compliance Officer; proposed Rule 813(c) would require a SB SEF to establish a compositionally balanced swap review committee to determine the security-based swaps that would trade on the SB SEF, as well as the security-based swaps that should no longer trade on the SB SEF; and, with respect to the determination regarding whether a particular security-based swap is “made available to trade,” that determination would be made pursuant to objective standards by the SB SEF’s board. The Commission; and proposed Rule 820 would require that no less than 20% of the total number of directors on the SB SEF’s board be representative of SB SEF participants, and that at least one director on the SB SEF’s board be representative of investors. See SB SEF Proposing Release, supra note 12.

15 Rules 763 and 805 of the Dodd-Frank Act 16 in accordance with Sections 763 and 805 of the Dodd-Frank Act and Section 17A of the Exchange Act. 17 Some of those proposed rules are designed, in part, to address conflicts of interest affecting clearing agencies, including security-based swap clearing agencies. 18 In particular, the Clearing Agency Proposing Release includes proposed rules that would require all clearing agencies to have policies and procedures to identify and address existing or potential conflicts of interest and to establish minimum governance standards for board or board committee members. 19 In addition, the Clearing Agency Proposing Release includes proposed rules that would require clearing agencies to provide opportunity for membership access to persons that are not dealers or security-based swap dealers and persons that have not capital of at least $50 million, while also prohibiting the use of minimum portfolio size and minimum volume transaction thresholds as a condition for membership, in order to decrease the potential for formal membership requirements to be applied anti-competitively. 20 The Clearing Agency Proposing Release seeks commenters’ views regarding the interaction between proposed Regulation MC and the mitigation of conflicts provisions reflected in the Clearing Agency Proposing Release. The public comment period for the Clearing Agency Proposing Release closes on April 29, 2011.

When the Commission issued the SB SEF Proposing Release and Clearing

17 Public Law 111–203, Sections 763 and 805.

19 Specifically, proposed Rule 17Ad–25 under the Exchange Act would require that clearing agencies have policies and procedures to identify and address existing or potential conflicts of interest and to establish minimum governance standards for board or board committee members. Proposed Rules 17Ad–22(c)(5) and (c)(7) under the Exchange Act would require clearing agencies to provide an opportunity for membership access to persons who are not dealers or security-based swap dealers and persons who have not capital of at least $50 million. In addition, Proposed Rule 17Ad–22(c)(6) under the Exchange Act would prohibit the use of minimum portfolio size and minimum volume transaction thresholds as a condition for membership. See Clearing Agency Proposing Release, supra note 15.

Agency Proposing Release, it was mindful of its prior proposals under Regulation MC. However, the Commission recognizes that commenters who provided their views and suggestions on proposed Regulation MC did not have the benefit of considering the proposals in the SB SEF Proposing Release and the Clearing Agency Proposing Release, which also seek to address some potential conflicts of interest affecting these entities, when they submitted their comments. The Commission therefore is reopening the comment period to invite further comment on proposed Regulation MC, particularly in light of the additional proposals relating to mitigation of conflicts for security-based swap clearing agencies and SB SEFs that are contained in the Clearing Agency Proposing Release and SB SEF Proposing Release, respectively.

II. Request for Comment

Commenters are asked to consider the provisions designed to address conflicts of interest in the Regulation MC Proposing Release and in the Clearing Agency Proposing Release and the SB SEF Proposing Release, in the aggregate, when providing further comment on how the Commission should address potential conflicts of interest at security-based swap clearing agencies and SB SEFS, respectively. Are some or all of the proposed requirements in the SB SEF Proposing Release and the Clearing Agency Proposing Release and the requirements in the Regulation MC Proposing Release mutually supportive? Why or why not? Should any of the proposed requirements discussed in the SB SEF Proposing Release, the Clearing Agency Proposing Release, or the Regulation MC Proposing Release relating to conflicts of interest be revised in light of the proposed requirements relating to conflicts of interests in the other releases? If so, which requirements should be revised and how? Are the proposed requirements discussed in the SB SEF Proposing Release, the Clearing Agency Proposing Release, or the Regulation MC Proposing Release relating to conflicts of interest, when considered together, sufficient to mitigate conflicts of interest for SB SEFs, SBS exchanges or security-based swap clearing agencies, or should the Commission consider additional, or alternative, measures? Are any of the proposed requirements discussed in the

SB SEF Proposing Release, the Clearing Agency Proposing Release, or the Regulation MC Proposing Release relating to conflicts of interest unnecessary in light of proposed requirements relating to conflicts of interest in the other releases? Why or why not?

Comments may provide the Commission with further insights regarding what mechanisms, if any, may be necessary or appropriate to mitigate conflicts of interest and how the proposed requirements in the three proposals should be evaluated. Commenters should provide specific reasons and information to support their views and recommendations, including an analysis of why a recommendation would satisfy the statutory mandate contained in Section 765 of the Dodd-Frank Act regarding mitigation of conflicts of interest. The Commission asks that commenters, when possible, provide the Commission with empirical data to support their views.

By the Commission.
Elizabeth M. Murphy, Secretary.

RIN 1219–AB64
Lowering Miners’ Exposure to Respirable Coal Mine Dust, Including Continuous Personal Dust Monitors
AGENCY: Mine Safety and Health Administration, Labor.
ACTION: Proposed rule; request for comment.
SUMMARY: The Mine Safety and Health Administration (MSHA) is requesting comments on the proposed rule published in the Federal Register on October 19, 2010, addressing Lowering Miners’ Exposure to Respirable Coal Mine Dust, Including Continuous Personal Dust Monitors. The proposed rule would improve health protections for coal miners by reducing their occupational exposure to respirable coal mine dust and lowering the risk that they will suffer material impairment of health or functional capacity over their working lives.
DATES: All comments must be received or postmarked by midnight Eastern Daylight Saving Time on May 2, 2011.
ADDRESSES: Comments must be identified with “RIN 1219–AB64” and may be sent by any of the following methods:
(2) Electronic mail: zzMSHA-comments@dol.gov. Include “RIN 1219–AB64” in the subject line of the message.
(5) Hand Delivery or Courier: MSHA, Office of Standards, Regulations, and Variances, 1100 Wilson Boulevard, Room 2350, Arlington, Virginia. Sign in at the receptionist’s desk on the 21st floor.
MSHA will post all comments on the Internet without change, including any personal information provided. Comments can be accessed electronically at http://www.msha.gov under the “Rules & Regs” link. Comments may also be reviewed in person at the Office of Standards, Regulations, and Variances, 1100 Wilson Boulevard, Room 2350, Arlington, Virginia. Sign in at the receptionist’s desk on the 21st floor.
MSHA will accept written comments and other appropriate information for the record from any interested party. All comments must be received or postmarked by midnight Eastern Daylight Saving Time on May 2, 2011.

SUPPLEMENTARY INFORMATION:
I. Public Hearings
On October 19, 2010 (75 FR 64412), MSHA published a proposed rule, Lowering Miners’ Exposure to Respirable Coal Mine Dust, Including Continuous Personal Dust Monitors. On February 15, 2011, MSHA concluded the last of seven public hearings on the proposed rule. Hearings were held on December 7, 2010, January 11, 13, and 25, 2011, and February 8, 10, and 15, 2011, in Beckley, West Virginia;
