Credit Risk Retention

AGENCIES: Office of the Comptroller of the Currency, Treasury (OCC); Board of Governors of the Federal Reserve System (Board); Federal Deposit Insurance Corporation (FDIC); U.S. Securities and Exchange Commission (Commission); Federal Housing Finance Agency (FHFA); and Department of Housing and Urban Development (HUD).

ACTION: Proposed rule; extension of comment period.
SUMMARY: On April 29, 2011, the OCC, Board, FDIC, Commission, FHFA and HUD (collectively, the “Agencies”) published in the Federal Register a joint notice of proposed rulemaking for public comment to implement the credit risk retention requirements of section 15G of the Securities Exchange Act of 1934 (15 U.S.C. § 78o-11), as added by section 941 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Credit Risk NPR” or “proposed rule”).

Due to the complexity of the rulemaking and to allow parties more time to consider the impact of the Credit Risk NPR on affected markets, the Agencies have determined that an extension of the comment period until August 1, 2011 is appropriate. This action will allow interested persons additional time to analyze the proposed rules and prepare their comments.

DATES: Comments on the Credit Risk NPR must be received on or before August 1, 2011.

ADDRESSES: You may submit comments by any of the methods identified in the Credit Risk NPR. Please submit your comments using only one method.

SUPPLEMENTARY INFORMATION:

On April 29, 2011, the Credit Risk NPR was published in the Federal Register. The Credit Risk NPR proposes to implement the credit risk retention requirements of section 15G of the Securities Exchange Act of 1934 (15 U.S.C. § 78o–11), as added by section 941 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”). Section 15G generally requires the securitizer of asset-backed securities (“ABS”) to retain an economic interest of no less than five percent in the credit risk of the assets collateralizing the ABS. Section 15G includes a variety of exemptions from this requirement, including an exemption for asset-backed securities that are collateralized exclusively by “qualified residential mortgages,” as such term is defined by the Agencies by rule.

The Credit Risk NPR would specify credit risk retention requirements for securitizers of ABS. In designing the proposed rules, the Agencies sought to ensure that the amount of credit risk retained would be meaningful—consistent with the purposes of

section 15G—while reducing the potential for the proposed rules to negatively affect the availability and cost of credit to consumers and businesses. In recognition of the complexities of the rulemaking and the variety of considerations involved in its impact and implementation, the Agencies requested that commenters respond to numerous questions. The Credit Risk NPR stated that the public comment period would close on June 10, 2011.³

The Agencies have received requests from the public for an extension of the comment period to allow for sufficient time for data gathering and impact analyses related to the provisions of the proposed rule.⁴ The Agencies believe that it is important for interested persons to have additional time to fully review the provisions of the proposed rule and the questions posed by the Agencies, and to conduct appropriate data collection and analysis on the potential impact of the Credit Risk NPR prior to submitting comment. Therefore, the Agencies are extending the comment period for the Credit Risk NPR from June 10, 2011 to August 1, 2011.
