Comments: Thanks for inviting my response. First my complaint against Fidelity was because I specifically asked to "stop the bleeding" from my inhouse 401K and grow my funds. They put me right back into accounts that caused me at least 8-10% loss and charged me for the pleasure. When I left there Legacy Finl. "listened" to me and the growth began again even if small.

Certainly examples set up like attachmt. #4 and #5 are much easier to read and more clear in purpose. Examples #1-3 should be available prior to the point of sale. - over -

That allows the client to look at the information and consult family members, their attorney or their accountant/financial adviser should they so desire.

The more clarity and larger print you can use the better. In my MBA program we were always told to talk on an 8-10th grade level and be clear and concise.

Thanks,
Rebecca Andley
