Comments: My complaint was that a broker for
Dean Witter churned me into selling stock
and re-investing just a few days before he
left Dean Witter. He knew he was leaving
Dean Witter and deliberately called me at
night, told me "I had a problem" and
that he suggested I sell certain stock.
When I called back to speak with him a
few weeks later I was told he left and
Dean Witter would never speak to me about
this broker's blatant mis handling of my
fund and advised me to "get a lawyer if I
felt I had been cheated." I felt raped and
have never trusted any broker since, they are

All crooks out to sell their own funds and not help a customer with the best choice for them. I would do better sticking my money under the mattress; at least that would be my choice and not some thief broker.
