Dear Mr. Katz

As a non-computer-user,  
and a long-term stockholder  
in a number of corporations  
who likes to read his proxy  
materials and vote "YES" where  
management recommends a vote  
of "No" in most cases I will  
be VERY DISAPPOINTED  
if I do not receive "hard-  
copy" proxy materials in the  
mail.

A step which would dis-  
empower concerned rank-and-  
file stockholders is a step in  
exactly the wrong direction.

Sincerely

Kenneth Hygren
