Dear S.E.C. Commissioner

I read that you have voted  
"to let companies provide proxy  
material by E-mail rather than  
requiring that documents be mailed  
to stockholders." I don't have E-Mail.

I want to continue to get  
proxy material in the mail. It  
would be a mistake for you to  
tell the companies that they don't  
have to send me any proxy  
material at all.

Yours

Geo. R. Liddle
