Rule 22.6. Market Maker Quotations

(a)–(c) (No changes.)

(d) Continuous Quotes.

A Market Maker must enter continuous bids and offers for the options series to which it is registered, as follows:

(1) On a daily basis, a Market Maker must make markets consistent with the applicable quoting requirements specified in these rules, on a continuous basis in at least seventy-five percent (75%) of the options series in which the Market Maker is registered.

(2) A Market Maker may be called upon by the Exchange to submit a single bid or offer or maintain continuous bids and offers in one or more of the series to which the Market Maker is registered whenever, in the judgment of the Exchange, it is necessary to do so in the interest of fair and orderly markets.

(3) A Market Maker shall be deemed to have fulfilled the “continuous” quoting requirement if the Market Maker provides two-sided quotes for 90% of the time that the Market Maker is required to provide quotes in an appointed option series on a given trading day, or such higher percentage as the Exchange may announce in advance. These obligations will apply to all of the Market Maker’s appointed issues collectively, rather than on an issue-by-issue basis. Compliance with this obligation will be determined on a monthly basis. However, determining compliance with the continuous quoting requirement on a monthly basis does not relieve the Market Maker of the obligation to provide continuous two-sided quotes on a daily basis, nor will it prohibit the Exchange from taking disciplinary action against a Market Maker for failing to meet the continuous quoting obligation each trading day.

(4) If a technical failure or limitation of a system of the Exchange prevents the Market Maker from maintaining or communicating to the Exchange timely and accurate quotes in an options series, the duration of such failure shall not be considered in determining whether the Market Maker has satisfied the quoting standard with respect to that option series.

(5) [Provided, however, that t]The continuous quoting obligations set forth above: (i) shall be suspended during a trading halt, suspension, or pause in the underlying security, and shall not re-commence until after the first regular way transaction on the primary listing market in the underlying security following such halt, suspension, or pause in the underlying security, as reported by the responsible single plan processor, and

(ii) shall be suspended for the duration that an underlying NMS stock is in a Limit State or a Straddle State.

(6) Market Makers shall not be required to make two-sided markets pursuant to this Rule in any Quarterly Option Series, any adjusted option series, and any option series until the time to expiration for such series is less than nine months. Accordingly, the continuous quotation obligations set forth in this Rule shall not apply to Market Makers respecting Quarterly Option Series, adjusted option series, and series with an expiration of nine months or greater. For purposes of this subsection, an adjusted option series is an option series wherein, as a result of a corporate action by the issuer of the underlying security, one option contract in the series represents the delivery of other than 100 shares of underlying stock or Exchange-Traded Fund Shares.

(7) The Exchange may consider other exceptions to this continuous quoting obligation based on demonstrated legal or regulatory requirements or other mitigating circumstances.

(e) (No changes.)
