(Release No. 34-78697; File No. SR-BatsBZX-2016-53)

August 26, 2016

Self-Regulatory Organizations; Bats BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend Rule 19.6, Series of Options Contracts Open for Trading, to Allow Wednesday Expirations for SPY Options

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that, on August 25, 2016, Bats BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend Rule 19.6, entitled “Series of Options Contracts Open for Trading,” related to the Short Term Option Series (“STOS”) Program to allow Wednesday expirations for SPY options. The Exchange also proposes to make corresponding changes to Rule 16.1, entitled “Definitions.”

The text of the proposed rule change is available at the Exchange's website at www.batstrading.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to harmonize the Exchange's rules with the rules governing Short Term Options Series programs of other options exchanges. Specifically, the Exchange proposes to amend Rule 19.6, entitled "Series of Options Contracts Open for Trading," related to the STOS Program to allow Wednesday expirations for SPY options. The Exchange also proposes to make certain corresponding changes to 16.1, entitled "Definitions." The proposed rule change is based on the recent approval of a filing submitted by the BOX Options Exchange LLC ("BOX").⁵

Currently, under the STOS Program, the Exchange may open for trading on any Thursday or Friday that is a business day series of options on that class that expire on each of the next five Fridays, provided that such Friday is not a Friday in which monthly options series or

Quarterly Options Series expire (“Short Term Option Series”). The Exchange is now proposing to amend its rule to permit the listing of options expiring on Wednesdays. Specifically, the Exchange is proposing that it may open for trading on any Tuesday or Wednesday that is a business day, series of options on the SPDR S&P 500 ETF Trust (“SPY”) to expire on any Wednesday of the month that is a business day and is not a Wednesday in which Quarterly Options Series expire (“Wednesday SPY Expirations”).⁶ The proposed Wednesday SPY Expiration series will be similar to the current Short Term Option Series, with certain exceptions, as explained in greater detail below. The Exchange notes that having Wednesday expirations is not a novel proposal. Specifically, the Chicago Board Options Exchange, Incorporated (“CBOE”) recently received approval to list Wednesday expirations for broad-based indexes.⁷

In regards to Wednesday SPY Expirations, the Exchange is proposing to remove the current restriction preventing it from listing Short Term Option Series that expire in the same week in which monthly option series in the same class expire. Specifically, the Exchange will be allowed to list Wednesday SPY Expirations in the same week in which monthly option series in SPY expire. The current restriction to prohibit the expiration of monthly and Short Term Option Series from expiring on the same trading day is reasonable to avoid investor confusion. This confusion will not apply with Wednesday SPY Expirations and standard monthly options because they will not expire on the same trading day, as standard monthly options do not expire on Wednesdays. Additionally, it would lead to investor confusion if Wednesday SPY Expirations were not listed for one week every month because there was a monthly SPY expiration on the Friday of that week.

⁶ See proposed paragraph (g) of Interpretation and Policy .05 to Rule 19.6.

⁷ See Securities Exchange Act Release No. 76909 (January 14, 2016), 81 FR 3512 (January 21, 2016) (SR-CBOE-2015-106).

Under the proposed Wednesday SPY Expirations, the Exchange may list up to five consecutive Wednesday SPY Expirations at one time. The Exchange may have no more than a total of five Wednesday SPY Expirations listed. This is the same listing procedure as Short Term Option Series that expire on Fridays. The Exchange is also proposing to clarify that the five series limit in the current Short Term Option Series Program Rule will not include any Wednesday SPY Expirations.⁸ This means, under the proposal, the Exchange would be allowed to list five Short Term Option Series expirations for SPY expiring on Friday under the current rule and five Wednesday SPY Expirations. The interval between strike prices for the proposed Wednesday SPY Expirations will be the same as those for the current Short Term Option Series. Specifically, the Wednesday SPY Expirations will have \$0.50 strike intervals.

Currently, for each Short Term Option Expiration Date,⁹ the Exchange is limited to opening thirty (30) series for each expiration date for the specific class. The thirty (30) series restriction does not include series that are open by other securities exchanges under their respective short term option rules; the Exchange may list these additional series that are listed by other exchanges.¹⁰ The thirty (30) series restriction shall apply to Wednesday SPY Expiration series as well. In addition, the Exchange will be able to list series that are listed by other exchanges, assuming they file similar rules with the Commission to list SPY options expiring on Wednesdays. As is the case with current Short Term Option Series, the Wednesday SPY Expiration series will be P.M.-settled. The Exchange does not believe that any market

⁹ The Exchange may open for trading on any Thursday or Friday that is a business day series of options on that class that expire on each of the next five Fridays that are business days and are not Fridays in which monthly options series or Quarterly Options Series expire (“Short Term Option Expiration Dates”). See Interpretation and Policy .05 to Rule 19.6.

¹⁰ See current paragraph (a) of Interpretation and Policy .05 to Rule 19.6.

disruptions will be encountered with the introduction of P.M.-settled Wednesday SPY Expirations. The Exchange currently trades P.M.-settled Short Term Option Series that expire almost every Friday, which provide market participants a tool to hedge special events and to reduce the premium cost of buying protection. The Exchange seeks to introduce Wednesday SPY Expirations to, among other things, expand hedging tools available to market participants and to continue the reduction of the premium cost of buying protection. The Exchange believes that Wednesday expirations, similar to Friday expirations, would allow market participants to purchase an option based on their timing as needed and allow them to tailor their investment and hedging needs more effectively.

The Exchange is also proposing to amend the definition of Short Term Option Series contained in Exchange Rule 16.1(a)(57) to make clear that STOS includes Wednesday expirations and to conform to BOX Rule 100(a)(64). Specifically, the Exchange is amending the definition to expand Short Term Option Series to those listed on any Tuesday or Wednesday and that expire on the Wednesday of the next business week. If a Tuesday or Wednesday is not a business day, the series may be opened (or shall expire) on the first business day immediately prior to that Tuesday or Wednesday.

The Exchange believes that the introduction of Wednesday SPY Expirations will provide investors with a flexible and valuable tool to manage risk exposure, minimize capital outlays, and be more responsive to the timing of events affecting the industry. The proposed rule change is a competitive proposal designed to enable the Exchange to compete equally and fairly with other options exchanges in satisfying high market demand for weekly options and continuing strong customer demand to use STOS to execute hedging and trading strategies.

2. Statutory Basis

The rule changes proposed herein are consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹¹ Specifically, the proposed change is consistent with Section 6(b)(5) of the Act,¹² because it is designed to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of, a free and open market and, in general, to protect investors and the public interest. Additionally, the Exchange believes that the proposed rule change is consistent with the Section 6(b)(5)¹³ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes the Short Term Option Series Program has been successful to date and that Wednesday SPY Expirations simply expand the ability of investors to hedge risk against market movements stemming from economic releases or market events that occur throughout the month in the same way that the Short Term Option Series Program has expanded the landscape of hedging. Similarly, the Exchange believes Wednesday SPY Expirations should create greater trading and hedging opportunities and flexibility, and provide customers with the ability to more closely tailor their investment objectives. The Exchange believes that allowing Wednesday SPY Expirations and monthly SPY expirations in the same week will benefit investors and minimize investor confusion by providing Wednesday SPY Expirations in a continuous and uniform manner. Finally, the Exchange represents that it has an adequate surveillance program in place to detect manipulative trading in Wednesday SPY Expirations in the same way it monitors trading in the current Short Term Option Series. The

Exchange also represents that it has the necessary systems capacity to support the new options series.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, with respect to intermarket competition, the Exchange believes the proposal is pro-competitive and will allow the Exchange to compete more effectively with BOX, which has already adopted changes to its STOS programs that are substantially identical to the changes proposed by this filing.¹⁴ In addition to BOX, the Exchange expects that other options exchanges will file similar proposals to adopt the changes in order to provide Wednesday SPY Expirations.

The Exchange does not believe the proposal will impose any burden on intramarket competition, as all market participants will be treated in the same manner as existing Short Term Option Series. The Exchange believes that the proposal will result in additional investment options and opportunities to achieve the investment objectives of market participants seeking efficient trading and hedging vehicles, to the benefit of investors, market participants, and the marketplace in general.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

¹⁴ See supra note 5.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁵ and Rule 19b-4(f)(6) thereunder.¹⁶

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days from the date of filing. However, Rule 19b-4(f)(6)(iii)¹⁷ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission notes that it recently approved BOX's substantially similar proposal to list and trade Wednesday SPY Expirations.¹⁸ The Exchange has stated that waiver of the operative delay will allow the Exchange to list and trade Wednesday SPY Expirations as soon as possible, and therefore, promote competition among the option exchanges. For these reasons, the Commission believes that the proposed rule change presents no novel issues and that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest, and will allow the Exchange to remain competitive with other exchanges. Therefore, the Commission hereby

¹⁵ 15 U.S.C. 78s(b)(3)(A).

¹⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intention to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁸ See supra note 5.

waives the 30-day operative delay and designates the proposal effective upon filing.¹⁹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
