Self-Regulatory Organizations; Bats BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees for Use on the Exchange’s Equity Options Platform

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),1 and Rule 19b-4 thereunder,2 notice is hereby given that on March 1, 2017, Bats BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act3 and Rule 19b-4(f)(2) thereunder,4 which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to amend the fee schedule applicable to Members5 and non-members of the Exchange pursuant to BZX Rules 15.1(a) and (c).

---

5 The term “Member” is defined as “any registered broker or dealer that has been admitted to membership in the Exchange.” See Exchange Rule 1.5(n).
The text of the proposed rule change is available at the Exchange’s website at www.bats.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its fee schedule for its equity options platform (“BZX Options”) to: (i) decrease the standard rebate provided by fee code PF; (ii) increase the standard fee assessed by fee code NP; (iii) increase the enhanced rebate provided in Firm, Broker Dealer and Joint Back Office Non-Penny Pilot Add Volume Tier 3, under footnote 8; (iv) increase the discounted fee provided in the Non-Customer Non-Penny Pilot Take Volume Tier 1, under footnote 13; (v) eliminate the existing Non-Customer Non-Penny Pilot Take Volume Tier 2, under footnote 13; and (vi) increase the discounted fee provided in the Non-Customer Non-Penny Pilot Take Volume Tier 3 (to be re-numbered as Tier 2), under footnote 13.

Decrease the Standard Rebate Provided by Fee Code PF

“Non-Customer” applies to any transaction identified by a Member for clearing which is not in the Customer range at the OCC, excluding any transaction for a Broker Dealer or a “Professional” as defined in Exchange Rule 16.1. See the Exchange’s fee schedule available at http://www.bats.com/us/options/membership/fee_schedule/bzx/.
Currently, fee code PF of the Exchange’s fee schedule sets forth the standard rebate of $0.36 per contract for Firm, Broker Dealer, and Join Back Office orders that add liquidity on the Exchange in Penny-Pilot securities. The Exchange now proposes to reduce this standard rebate to $0.26 per contract. The Exchange also proposes to update the Standard Rates table accordingly to reflect new standard rebate.

Increase the Standard Fee Assessed by Fee Code NP

Currently, fee code NP of the Exchange’s fee schedule sets forth the standard fee of $1.07 per contract for Non-Customer orders that remove liquidity on the Exchange in Non-Penny Pilot securities. The Exchange now proposes to increase this standard fee to $1.10 per contract. The Exchange also proposes to update the Standard Rates table accordingly to reflect new standard fee.

Increase the Enhanced Rebate Provided in Firm, Broker Dealer and Joint Back Office Non-Penny Pilot Add Volume Tier 3, Under Footnote 8

Firm, Broker Dealer and Joint Back Office orders that add liquidity in Non-Penny Pilot securities yield fee code NF and are provided a standard rebate of $0.30 per contract. Footnote 8 of the fee schedule sets forth three tiers, each providing enhanced rebates between $0.45 and $0.69 per contract to a Member’s order that yields fee code NF upon satisfying monthly volume criteria. Under Tier 3, qualifying Members earn a rebate per share of $0.69 on Firm, Broker

The Exchange also proposes to update the Standard Rates table accordingly to reflect this new enhanced rebate.

**Modifications to Non-Customer Non-Penny Pilot Take Volume Tiers under Footnote 13**

Non-Customer orders that yield fee code NP are charged a standard fee of $1.07 per contract. Footnote 13 of the fee schedule sets forth three tiers, each providing reduced fees of either $1.01 or $1.02 per contract to a Member’s order that yields fee code NP upon satisfying monthly volume criteria.

defines Market Maker orders greater than or equal to 0.35% of average OCV; and
(iii) on the Exchange’s equity securities platform ("BZX Equities") an ADAV greater
than or equal to 0.30% of average TCV. As amended, Tier 1 will offer a reduced fee of

  ADAV in Customer orders greater than or equal to 1.30% of average OCV. The
  Exchange proposes to re-number Tier 3 as Tier 2 based on the elimination of Tier 2
discussed above. Also, as amended, Tier 2 will offer a reduced fee of $1.04 per share.
The Exchange does not propose to modify the required criteria for this Tier as part of this
filing.

**Implementation Date**

The Exchange proposes to implement the above changes to its fee schedule on March 1,
2017.  

2. **Statutory Basis**

15 "Market Maker" applies to any transaction identified by a Member for clearing in the
Market Maker range at the OCC, where such Member is registered with the Exchange as
a Market Maker as defined in Rule 16.1(a)(37). See the Exchange’s fee schedule

16 The Exchange notes that the date of its fee schedule was previously amended to state
79956 (February 3, 2017), 82 FR 10102 (February 9, 2017).
The Exchange believes that the proposed rule changes are consistent with the objectives of Section 6 of the Act,\textsuperscript{17} in general, and furthers the objectives of Section 6(b)(4),\textsuperscript{18} in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange also notes that it operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. The proposed rule changes reflect a competitive pricing structure designed to incentivize market participants to direct their order flow to the Exchange.

**Fee Codes PF and NP**

The Exchange believes that its proposals to reduce the rebate provided by fee code PF and increase the fee provided by fee code NP are fair and equitable and reasonable because, such proposed fees and rebates remain consistent with pricing previously offered by the Exchange as well as competitors of the Exchange and do not represent a significant departure from the Exchange’s general pricing structure and will allow the Exchange to earn additional revenue that can be used to offset the addition of new pricing incentives. Lastly, the proposed changes to fee codes PF and NP are not unfairly discriminatory because they will apply equally to all Members.

** Modifications to the Volume Discount Tier Rebates and Required Criteria**

The Exchange believes that the proposed modifications to the tiered pricing structure are reasonable, fair and equitable, and non-discriminatory. The Exchange operates in a highly competitive market in which market participants may readily send order flow to many competing venues if they deem fees at the Exchange to be excessive or incentives provided to be insufficient. The proposed fee structure remains intended to attract order flow to the Exchange.

\textsuperscript{17} 15 U.S.C. 78f.

by offering market participants a competitive pricing structure. The Exchange believes it is reasonable to offer and incrementally modify incentives intended to help to contribute to the growth of the Exchange.

Volume-based pricing such as that proposed herein have been widely adopted by exchanges, including the Exchange, and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to: (i) the value to an exchange’s market quality; (ii) associated higher levels of market activity, such as higher levels of liquidity provisions and/or growth patterns; and (iii) introduction of higher volumes of orders into the price and volume discovery processes.

The proposed modifications proposed herein are also intended to incentivize additional Members to send orders to the Exchange in an effort to qualify for the enhanced rebate or reduced fee made available by the tiers, in turn contributing to the growth of the Exchange. Thus, the Exchange believes that the proposed modifications to the tiered pricing structure is a reasonable, fair and equitable, and not an unfairly discriminatory allocation of fees and rebates, because it will provide Members with an incentive to reach certain thresholds on the Exchange by contributing a meaningful amount of order flow to the Exchange. The Exchange believes the proposed change to each tier’s criteria is consistent with the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange believes the proposed amendment to its fee schedule would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed change represents a significant departure from previous pricing offered by the Exchange or pricing offered by the Exchange’s competitors. Additionally, Members may opt to disfavor the Exchange’s pricing if they believe
that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed change will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. The Exchange does not believe that the proposed change to the Exchange’s standard fees, rebates and tiered pricing structure burdens competition, but instead, enhances competition as it is intended to increase the competitiveness of the Exchange.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action
