II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, BX included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. BX has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

BX is proposing to modify its pricing for OUCH ports, which provide connectivity to the NASDAQ OMX BX Equities Market. Specifically, BX will eliminate fees for a member firm’s OUCH ports in excess of 15 for the months of May and June 2009. Member firms have complained that, because BX does not have an anti-internalization capability, they must purchase additional OUCH ports that they would otherwise not need to purchase solely to avoid unwanted execution against their customer orders. Internalization occurs when a member firm’s customer order is posted on the market and executed all or in part by the same member firm. Member firms must avoid internalization of certain customer orders to avoid violating rules and regulations of the Employee Retirement Income Security Act that preclude and/or limit managing broker-dealers of such customer accounts from trading as principal with orders generated for those accounts. Currently, some member firms are only able to avoid internalization by

purchasing additional OUCH ports through which they place all order flow that must not be internalized. Such additional ports have a discrete MPID numbers, which allow these member firms to identify the orders and avoid internalization.

BX is developing an anti-internalization function for its market designed to prevent member firms from executing a trade as a counterparty to their customer orders, which it anticipates will be operational by the end of June. The temporary cap on OUCH port fees proposed herein is designed to provide relief to member firms affected by BX's lack of an anti-internalization function until it can be implemented, at which time such firms can reduce the number of ports currently subscribed to solely due to the lack of such a function. BX will seek to remove the cap language from the rule upon its expiration or alternatively will seek to extend the cap until such time the anti-internalization function can be implemented.

2. Statutory Basis

BX believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁴ in general, and with Section 6(b)(4) of the Act,⁵ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which BX operates or controls. The proposed fee change applies uniformly to all BX members. BX has determined that temporarily instituting a cap on fees for OUCH ports in excess of 15 will provide relief to member firms required to purchase additional ports solely due to BX's lack of an anti-internalization function.

⁴ 15 U.S.C. 78f.

⁵ 15 U.S.C. 78f(b)(4).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁶ and subparagraph (f)(2) of Rule 19b-4 thereunder.⁷ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁶ 15 U.S.C. 78s(b)(3)(a)(ii).

⁷ 17 CFR 240.19b-4(f)(2).
