(Release No. 34-71460; File No. SR-BX-2014-006)

January 31, 2014

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Clarify the Language Describing a Newly Adopted Credit Tier under Rule 7018

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹, and Rule 19b-4 thereunder,² notice is hereby given that on January 22, 2014, NASDAQ OMX BX, Inc. (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to clarify the language describing a newly adopted credit tier under Rule 7018. The text of the proposed rule change is available on the Exchange’s website at <http://nasdaqomxbx.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In SR-BX-2014-065 [sic] (filed December 30, 2013), BX adopted a new tier with respect to the rebates it pays for orders that access liquidity in securities priced at \$1 or more. The new tier applies to members that are active in both the NASDAQ OMX BX Equities System (the “BX Equities System”) and BX Options. Under the tier, a member will receive a credit of \$0.0013 per share executed when accessing liquidity if the member (i) has a daily average volume of liquidity accessed in all securities during the month of 6 million or more shares through one or more of its BX Equities System market participant identifiers (“MPIDs”), and (ii) adds and/or removes liquidity of 40,000 or more contracts per day during the month through BX Options.

In SR-BX-2013-065, BX explained that, as with other rebate tiers, the proposed tier does not apply to an order that executes against a midpoint pegged order, because the accessing order receives price improvement in that case. Accordingly, BX believes that the payment of a rebate is not also warranted. The fee schedule makes it clear that the rebate paid with respect to an “order that executes against a midpoint pegged order” is \$0. However, the language that describes other rebate tiers in the fee schedule includes parenthetical language to further emphasize that specific rebate tiers do not apply to an order that executes against a midpoint pegged order. This parenthetical language was inadvertently omitted from the rule language describing the new tier. In order to maintain consistent language throughout the fee schedule, BX is proposing to add the parenthetical language to the description of the new tier. The change

does not alter the meaning or effect of the fee schedule, but is rather intended only to enhance its clarity and consistency.

2. Statutory Basis

BX believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,³ in general, and with Section 6(b)(5) of the Act⁴ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, BX believes that the change will promote these goals by enhancing the clarity and consistency of BX fee schedule.

B. Self-Regulatory Organization's Statement on Burden on Competition

BX does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Specifically, the change does not alter the meaning or effect of BX's fee schedule, and therefore does not affect competition in any respect.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

³ 15 U.S.C. 78f.

⁴ 15 U.S.C. 78f(b)(5).

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁵ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁶

A proposed rule change filed under Rule 19b-4(f)(6)⁷ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),⁸ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because the proposal simply would maintain consistent language throughout the fee schedule that specific rebate tiers do not apply to an order that executes against a midpoint pegged order and thus would provide clarity to members, market participants, and investors. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.⁹

⁵ 15 U.S.C. 78s(b)(3)(a)(ii).

⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁷ 17 CFR 240.19b-4(f)(6).

⁸ 17 CFR 240.19b-4(f)(6)(iii).

⁹ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
