Sec. 19 Data Feeds and Trade Information

(a) The following data feeds are offered by [the Exchange]BX:

(1) **BX Depth of Market (BX Depth)** is a data feed that provides full order and quote depth[quotation] information for individual orders and quotes on the BX Options book, last sale information for trades executed on BX Options, and Order Imbalance Information as set forth in BX Options Rules Chapter VI, Section 8. The data provided for each options series includes the symbols (series and underlying security), put or call indicator, expiration date, the strike price of the series, and whether the option series is available for trading on BX and identifies if the series is available for closing transactions only.

(2) **BX Top of Market (BX Top)** is a data feed that provides the BX Options Best Bid and Offer and last sale information for trades executed on BX Options. The data provided for each options series includes the symbols (series and underlying security), put or call indicator, expiration date, the strike price of the series, and whether the option series is available for trading on BX and identifies if the series is available for closing transactions only.

(b) No change.
