II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the CBOE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CBOE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to extend a pilot program until November 30, 2007 to allow broker-dealer orders that are eligible for execution on RAES pursuant to CBOE Rule 6.8, Interpretation and Policy .01 to automatically execute against customer limit orders on CBOE's book in classes designated by the appropriate Procedure Committee. The pilot was originally approved on May 13, 2004, with an expiration date of November 30, 2004.⁶ The pilot was extended for one year to November 30, 2005 pursuant to SR-CBOE-2004-78⁷ and again extended an additional year to November 30, 2006 pursuant to SR-CBOE-2005-96.⁸

The Exchange's RAES system was created to allow for the automatic execution of retail customer options orders against CBOE market makers at their disseminated prices. In 1999, the Exchange expanded the RAES system to allow incoming RAES orders to execute

against customer limit orders on the CBOE book when such booked orders constitute CBOE's best bid/offer.⁹ The Exchange has allowed broker-dealer orders to be executed on RAES in classes designated by the appropriate Procedure Committee.¹⁰ The pilot program allows these broker-dealer orders to automatically execute against the book.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) of the Act, in general and furthers the objectives of Section 6(b)(5) of the Act in particular in that it should promote just and equitable principles of trade, serve to remove impediments to and perfect the mechanism of a free and open market and a national market system, and protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not (1) significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) become operative for thirty days from the date on which it was filed, or such shorter

time as the Commission may designate if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6)¹² thereunder.¹³

A proposed rule change filed under Commission Rule 19b-4(f)(6)¹⁴ normally does not become operative prior to thirty days after the date of filing. The CBOE requests that the Commission waive the 30-day operative delay, as specified in Rule 19b-4(f)(6)(iii), and designate the proposed rule change to become operative immediately to allow the Exchange to continue to operate the pilot program which affords automatic execution to a greater number of market participants on an uninterrupted basis. The Commission hereby grants the request. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the CBOE to continue to operate under the pilot program without interruption. For these reasons, the Commission designates the proposed rule change as effective and operative upon filing.¹⁵

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

¹² 17 CFR 240.19b-4(f)(6).

See 17 CFR 240.19b-4(f)(6)(iii).

¹⁴ 17 CFR 240.19b-4(f)(6).

¹⁵ For the purposes only of waiving the operative date of this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).
