July 27, 2007

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to CBOE's Delisting Policy

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 23, 2007, the Chicago Board Options Exchange, Incorporated ("Exchange" or "CBOE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

The Exchange proposes to amend its delisting policy. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com>), at the Exchange's Office of the Secretary and at the Commission.

proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

On January 23, 2007, the Commission approved CBOE's rule filing (SR-CBOE-2006-92) to permit thirteen option classes to trade in penny increments in connection with the Penny Pilot Program.⁵ In its rule filing, CBOE discussed the various quote mitigation strategies that it had already implemented and intended to implement. One of the quote mitigation strategies was to adopt a delisting policy. CBOE's delisting policy currently provides that CBOE will delist any equity option class with national average daily volume ("ADV") of less than 20 contracts.

Because CBOE's rule filing relating to the Penny Pilot Program was only approved on a six-month pilot basis, including apparently the delisting policy, CBOE requests that its delisting policy be approved on a permanent basis.⁶

CBOE also proposes to amend its delisting policy to provide that CBOE may make exceptions to its delisting policy in appropriate circumstances. For example, if an option class that otherwise would qualify to be delisted (due to having a national ADV of less than 20 contracts) experiences a significant increase in trading volume, CBOE could choose not to delist the option class. To qualify, the option class would need to have a national ADV of 20 or more

⁵ See Securities Exchange Act Release No. 55154 (January 23, 2007), 72 FR 4743 (February 1, 2007).

⁶ CBOE believes it is unclear from the approval order whether the delisting policy was intended to be approved only on a six-month pilot basis, as opposed to the changes to the minimum increments for the thirteen option classes participating in the Penny Pilot Program.

contracts in the month immediately preceding its scheduled delisting, or in the twenty trading days prior to its scheduled delisting.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of Section 6(b) of the Act.⁷ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5) Act⁸ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder,¹⁰ because the foregoing proposed rule does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was

filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30-days after the date of filing.¹¹ However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest.¹² The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay to allow the Exchange's delisting policy as it currently exists to continue on a permanent basis is consistent with the protection of investors and the public interest because such waiver will ensure continuity of the Exchange's policy and will allow the Exchange's quote mitigation strategy to remain in effect without interruption. However, with regard to CBOE's proposal to amend its policy, the Commission does not believe that waiver of the operative delay is warranted. Therefore, the Commission designates the proposal seeking to make the delisting policy effective on a permanent basis to be operative upon filing with the Commission.¹³ The proposed amendments to the policy will become operative after the 30-day operative delay.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is

¹¹ 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6)(iii) requires the self-regulatory organization to give the Commission notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. CBOE has satisfied the five-day pre-filing requirement.

necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁴
