Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendment No. 1 Thereto to Amend CBOE Rules relating to the Appointment Cost for Options on the Nasdaq-100 Index Tracking Stock

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 17, 2007, the Chicago Board Options Exchange, Incorporated (“Exchange” or “CBOE”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Exchange submitted Amendment No. 1 to the proposed rule change on August 7, 2007. The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this rule change is to amend CBOE Rule 8.3 and Rule 8.4 in connection with CBOE's determination to change the appointment cost for options on the Nasdaq-100 Index Tracking Stock (QQQQ). Presently, QQQQ options are classified as a Tier A+ option class and have an appointment cost of .25. CBOE proposes to remove QQQQ options from Tier A+ and, as a result, lower its appointment cost. As a Hybrid 2.0 Class, QQQQ options will fall within the appointment cost structure set forth in Rule 8.3(c)(i) and Rule 8.4(d), and based on its trading volume, be included in Tier A with an appointment cost of .10. CBOE notes that it re-evaluated the appointment cost for QQQQ options and determined to lower it in order to lower the cost of access to CBOE's marketplace in this option class.

2. Statutory Basis

Accordingly, CBOE believes the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of section 6(b) of the Act.⁵ Specifically, the Exchange believes the proposed

rule change is consistent with the Section 6(b)(5)⁶ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither received nor solicited written comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the Exchange has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission,⁷ the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

Under Rule 19b-4(f)(6) of the Act,¹⁰ the proposal does not become operative for 30 days

after the date of its filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative date, so that the proposal may take effect upon filing. The Exchange believes that the proposed rule change does not raise any new regulatory issues and promotes competition by reducing the access costs of trading in QQQQ options. The Commission agrees and, consistent with the protection of investors and the public interest, has determined to waive the 30-day operative date so that the proposal may become operative upon filing.¹¹

IV. Solicitation of Comments
