June 7, 2011

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Increase the Class Quoting Limit in One Option Class

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that, on May 25, 2011, the Chicago Board Options Exchange, Incorporated (“CBOE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as one constituting a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule under Section 19(b)(3)(A)(i) of the Act, and Rule 19b-4(f)(1) thereunder, which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

CBOE Rule 8.3A, Maximum Number of Market Participants Quoting Electronically per Product, establishes class quoting limits (“CQLs”) for each class traded on the Hybrid Trading System.<sup>3</sup> A CQL is the maximum number of quoters that may quote electronically in a given product and Rule 8.3A, Interpretation .01(a) provides that the current levels are generally established at 50.

In addition, Rule 8.3A, Interpretation .01(b) provides a procedure by which the President of the Exchange may increase the CQL for an existing or new product. In this regard, the President of the Exchange may increase the CQL in a particular product when he deems it appropriate. The effect of an increase in the CQL is procompetitive in that it increases the number of market participants that may quote electronically in a product. The purpose of this filing is to increase the CQL in options on the CBOE Volatility Index (VIX) from its current limit of 60<sup>4</sup> to 70, which CBOE’s President has determined would be appropriate. Increasing the CQL also may enhance the liquidity offered in the option class. Lastly, CBOE represents that it has the systems capacity to support this increase in the CQL.

<sup>3</sup> See Rule 8.3A.01.

<sup>4</sup> See Securities Exchange Act Release No. 63001 (September 28, 2010), 75 FR 61538 (October 5, 2010)(SR-CBOE-2010-85)(increasing the VIX CQL from 50 to 60).

## 2. Statutory Basis

CBOE believes the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of section 6(b) of the Act.<sup>5</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>6</sup> requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest. As indicated above, the Exchange believes that increasing the CQL in this option class is procompetitive and may enhance the liquidity offered.

### B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Exchange Act.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither received nor solicited written comments on the proposal.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change will take effect upon filing with the Commission pursuant to Section 19(b)(3)(A)(i) of the Act<sup>7</sup> and Rule 19b-4(f)(1) thereunder,<sup>8</sup> because it constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
