The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

On March 21, 2016, the Exchange began offering Asian style settlement and Cliquet style settlement for certain FLEX Broad-Based Index Options (“Exotics”).<sup>3</sup> In conjunction with the adoption of FLEX Broad-Based Index Options with Asian or Cliquet style settlement, the Exchange adopted an Exotic Surcharge of \$0.25 to be assessed on all customer (“C” origin code) Exotic contracts executed on CBOE. The Exchange proposes to decrease the Exotic Surcharge of \$0.25 to \$0.03 for all customer XSP Exotic contracts executed on CBOE. Particularly, the Exchange notes that XSP options have 1/10 the value of S&P 500 Index (“SPX”) options. As XSP has a smaller exercise and assignment value due to the reduced number of shares they deliver as compared to standard SPX option contracts, the Exchange is proposing a lower per contract Exotic Surcharge.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>4</sup> Specifically, the

<sup>3</sup> In general, Asian style settlement provides for payout based on the average of prices of a broad-based index on pre-determined dates over a specified time period, and Cliquet style settlement provides for a payout that is the greater of \$0 or the (positive) sum of “capped” monthly returns of a broad-based index on pre-determined dates over a specified period of time. These settlement types are also referred to as “Exotics” due to their untraditional nature.

<sup>4</sup> 15 U.S.C. 78f(b).

Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>5</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,<sup>6</sup> which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities.

The Exchange believes that reducing the Exotic Surcharge of \$0.25 per contract to \$0.03 per contract for Exotic customer XSP options is reasonable because customers will pay lower fees for such transactions. The Exchange believes that it is reasonable, equitable and not unfairly discriminatory to reduce the Exotic Surcharge for XSP options only because XSP options are 1/10 the size of standard options and as such the Exchange believes it's reasonable to assess a lower surcharge. Further, the Exchange notes that the proposed Exotic Surcharge of \$0.03 per contract for Exotic XSP options, is only slightly more than 1/10<sup>th</sup> of the \$0.25 amount assessed as the Exotic Surcharge for standard sized classes. The proposed change is also equitable and not unfairly discriminatory because it is designed to attract greater customer order flow in XSP Exotic options to the Exchange, which would bring greater liquidity to the market, thereby benefiting all market participants.

<sup>6</sup> 15 U.S.C. 78f(b)(4).

The Exchange also believes that it is equitable and not unfairly discriminatory to assess the Exotic Surcharge to customers and not other market participants because customers are not subject to additional costs for effecting transactions in FLEX Broad-Based Index options that are applicable to other market participants, such as license surcharges. Additionally, customers are not subject to fees for effecting transactions in general that are applicable to other market participants, such as connectivity fees and fees relating to Trading Permits, and are not subject to the same obligations as other market participants, including regulatory and compliance requirements and quoting obligations.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule changes will impose any burdens on competition that are not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because while the Exotic Surcharge is assessed only to customer orders, lower fees for customers is commonplace within the options marketplace for the reasons discussed above. Further, to the extent that any change in intramarket competition may result from the proposed change, such change is justifiable and offset because the proposed change is designed to attract greater customer order flow in XSP Exotic options and because the Exchange does not wish to assess the same per contract surcharge on a class that is 1/10 the size of standard options. The Exchange does not believe that the proposed change will cause any unnecessary burden on intermarket competition because the proposed change only affects trading on CBOE. To the extent that the proposed changes make CBOE a more attractive marketplace for market

participants at other exchanges, such market participants are welcome to become CBOE market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>7</sup> and paragraph (f) of Rule 19b-4<sup>8</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
