Rule 6.56. Compression Forums

(a) Procedure.

- (1) Prior to the close of Regular Trading Hours on the fourth to last business day of each calendar month, in a manner and format determined by the Exchange, a Trading Permit Holder may provide the Exchange with a list of open SPX options positions with either a required capital charge equal to the minimum capital charge under the risk-based haircut calculator in the Clearing Corporation rules or comprised of option series with a delta of ten (10) or less that it would like to close during the compression forum for that calendar month (“compression-list positions”). Compression-list positions may consist of multi-legged positions in series of SPX options, which satisfy the conditions set forth in this paragraph. Trading Permit Holders may also permit their Clearing Trading Permit Holders or the Clearing Corporation to submit a list of these positions to the Exchange on their behalf.
- (2) Prior to the open of Regular Trading Hours on the third to last business day of each calendar month, the Exchange will make available to all Trading Permit Holders an aggregate two-sided (long/short) list of compression-list positions for which open interest has been submitted to the Exchange on both sides pursuant to paragraph (a)(1), including the aggregate size of open interest on each side of each series (“compression-list positions file”).
- (3) In addition to making the compression-list positions file available to all Trading Permit Holders, the Exchange will electronically send the compression-list positions file to the Trading Permit Holders that submitted compression-list positions to the Exchange pursuant to paragraph (a)(1), including a list of those Trading Permit Holders that contributed to the compression-list positions file. The list will not include the name of any Trading Permit Holder that requests its name be excluded from this list. Trading Permit Holders will be identified as having contributed to the list only and will not be identified as holding any specific position.
- (4) The Exchange will conduct an open outcry “compression forum” in which all Trading Permit Holders may participate on each of the last three business days of

every calendar month at a location on the trading floor determined by the Exchange. The compression forum will be held for four (4) hours during Regular Trading Hours on each of the last three business days of every calendar month, or three (3) hours if any of those days is an abbreviated trading day, at times determined by the Exchange.

- (b) Trades executed during compression forums are subject to trading rules applicable to trading in SPX during Regular Trading Hours, including manner of bids and offers and allocation and priority rules, except:
 - (1) only closing transactions in SPX options (including compression-list positions) may be executed during a compression forum; and
 - (2) the minimum increment for all series will be \$0.01 during a compression forum.
- (c) Trading Permit Holders may communicate with other Trading Permit Holders to determine: (1) a Trading Permit Holder's open single-legged or multi-legged SPX position, including side and size, and/or (2) whether a Trading Permit Holder anticipates participating in a compression forum at a particular date and time. During these communications, Trading Permit Holders may not discuss the price of a potential transaction involving these positions during a compression forum. Trades executed during a compression forum pursuant to this Rule and otherwise in compliance with the Rules will not be deemed prearranged trades in violation of the Rules.
- (d) The Exchange will announce to Trading Permit Holders determinations it makes pursuant to this Rule via Regulatory Circular with reasonable notice.
