June 14, 2017

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend the Fees Schedule

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 1, 2017, Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Fees Schedule. The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places

specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule. Specifically, the Exchange proposes to make an amendment to its rebate program for Floor Broker Trading Permits. By way of background, Footnote 25, which governs rebates on Floor Broker Trading Permits, currently provides that any Floor Broker that executes a certain average of customer open-outcry contracts per day over the course of a calendar month in all underlying symbols excluding Underlying Symbol List A (except RLG, RLV, RUI, AWDE, FTEM, FXTM and UKXM), DJX, XSP, XSPAM and subcabinet trades ("Qualifying Symbols"), will receive a rebate on that TPH's Floor Broker Trading Permit fees. Particularly, any Floor Broker Trading Permit Holder ("TPH") that executes an average of 15,000 customer (origin code "C") open-outcry contracts per day over the course of a calendar month in Qualifying Symbols will receive a rebate of \$9,000 on that TPH's Floor Broker Trading Permit fees. Additionally, any Floor Broker TPH that executes an average of 25,000 customer open-outcry contracts per day over the course of a calendar month in Qualifying Symbols will receive a rebate of \$14,000 on that TPH's Floor Broker Trading Permit fees. The Exchange proposes to provide that Professional Customers and Voluntary Professionals ("Professional Customers") (origin code "W") orders would also count towards the qualifying volume thresholds. The Exchange believes the inclusion of Professional Customer orders in the qualifying thresholds will encourage Floor Brokers to execute more Professional Customer orders.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.³ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁴ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with Section 6(b)(4) of the Act,⁵ which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Trading Permit Holders and other persons using its facilities.

The Exchange believes that permitting Professional Customer orders to count towards the qualifying volume thresholds for the Floor Broker Trading Permit rebates is reasonable because it will allow Floor Brokers to more easily reach the qualifying volume thresholds (and thereafter pay lower Floor Broker Trading Permit fees). The Exchange believes the proposed change is equitable and not unfairly discriminatory because it applies to qualifying Floor Brokers equally and because Floor Brokers serve an

important function in facilitating the execution of orders via open outcry, which as a price-improvement mechanism, the Exchange wishes to encourage and support. The Exchange also notes that, while only Customer and Professional Customer orders would count towards the qualifying thresholds, an increase in Customer and Professional Customer order flow would bring greater volume and liquidity, which benefits all market participants by providing more trading opportunities and tighter spreads. Moreover, like Customers, Professional Customers are non-TPH, non-broker dealers and have historically also been treated similar as customers for certain programs. Indeed, the Exchange notes that incentive programs based on Customer and Professional volume already exist elsewhere within the industry.⁶

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule changes will impose any burden on competition that are not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because while the proposed change benefits Floor Broker TPHs that reach the qualifying volume thresholds, Floor Brokers serve an important function in facilitating the execution of orders via open outcry, which as a price-improvement mechanism, the Exchange wishes to encourage and support. Further, the proposed change is designed to encourage the execution of more Professional Customer orders, which volume creates greater trading opportunities that benefit all

market participants. The Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed change only affects trading on CBOE. To the extent that the proposed change makes CBOE a more attractive marketplace for market participants at other exchanges, such market participants are welcome to become CBOE market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and paragraph (f) of Rule 19b-4⁸ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with
