II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The CBOE has represented that the purpose of the proposed rule change is to conform CBOE Rule 6.83 to a recent Linkage Plan amendment to extend the pilot provision limiting

<sup>4</sup> A “Trade-Through” is defined as a transaction in an options series at a price that is inferior to the national best bid or offer in an options series calculated by a Participant. See Section 2(29) of the Plan for the Purpose of Creating and Operating an Intermarket Option Linkage (“Linkage Plan”). A “Participant” is defined as an Eligible Exchange whose participation in the Linkage Plan has become effective pursuant to Section 4(c) of the Linkage Plan. See Section 2(24) of the Linkage Plan. Currently, the Participants in the Linkage Plan are the International Securities Exchange, Inc., the American Stock Exchange LLC, the CBOE, the Pacific Exchange, Inc., the Philadelphia Stock Exchange, Inc. and the Boston Stock Exchange, Inc.

Trade-Through liability during the last seven minutes of the trading day.<sup>5</sup> Pursuant to the pilot currently in effect, an Exchange member's Trade-Through liability is limited to 10 contracts per Satisfaction Order<sup>6</sup> for the time period between five minutes prior to the close of trading in the underlying security and the close of trading in the options class.

The Participants are proposing to extend the pilot for an additional seven months, until January 31, 2005. In addition, the Participants are proposing to increase the limit on Trade-Through liability during the last seven minutes of the trading day from 10 contracts to 25 contracts per Satisfaction Order. This increase in the limit on Trade-Through liability would be effective on July 1, 2004, when the current pilot expires. The time period during the trading day in which this limit would apply would remain the same, from five minutes prior to the close of trading in the underlying security until the close of trading in the options class.

---

<sup>5</sup> The CBOE has separately filed Joint Amendment No. 12 to the Linkage Plan to implement substantially the same change to the Linkage Plan. See Securities Exchange Act Release No. 49692 (May 12, 2004), 69 FR 29956 (May 19, 2004) (Notice of Joint Amendment No. 12). The Commission previously approved the pilot to implement a limitation on Trade-Through liability during the last seven minutes of the trading day on a 120-day temporary basis on January 31, 2003. See Securities Exchange Act Release No. 47298, 68 FR 6524 (February 7, 2003). On June 18, 2003, the Commission approved the pilot until January 31, 2004. See Securities Exchange Act Release No. 48055, 68 FR 37869 (June 25, 2003) (Order approving Joint Amendment No. 4). The Commission subsequently extended the pilot until June 30, 2004. See Securities Exchange Act Release No. 49146 (January 29, 2004), 69 FR 5618 (February 5, 2004) (Order approving Joint Amendment No. 8).

<sup>6</sup> A "Satisfaction Order" is defined as an order sent through the Options Intermarket Linkage to notify a member of another Participant of a Trade-Through and to seek satisfaction of the liability arising from that Trade-Through. See Section 2(16) of the Linkage Plan.

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act<sup>7</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act<sup>8</sup> in particular, in that it should promote just and equitable principles of trade, serve to remove impediments to and perfect the mechanism of a free and open market and a national market system, and protect investors and the public interest.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The CBOE does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national

securities exchange.<sup>9</sup> In particular, the Commission finds that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act,<sup>10</sup> which requires, among other things, that the rules of a national securities exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and to protect investors and the public interest. As discussed in Joint Amendment No. 12, as a condition to granting permanent approval of the Trade-Through limitation, the Commission required that the Participants provide the Commission with a report regarding data on the use of the exemption no later than 60 days before seeking permanent approval (the “Report”). The Participants have provided the Commission with certain information required in the Report, and continue to discuss with Commission staff what additional information the staff may need to evaluate possible permanent approval of the Trade-Through limitation. The Commission believes that extending the pilot will enable Participants to continue to compile the data necessary for the Commission to determine whether permanent approval of the proposed rule change is appropriate and in the public interest. The Commission further believes that raising the limitation in liability for Satisfaction Orders during the last seven minutes of the trading day from 10 contracts to 25 contracts for this pilot period should help to protect investors and promote the public interest.

The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of the notice thereof in the Federal Register. As noted

---

<sup>9</sup> In approving this proposed rule change, the Commission has considered the proposed rule’s impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

<sup>10</sup> 15 U.S.C. 78f(b)(5).

above, the proposed rule change incorporates changes into the CBOE Rules that correspond to changes made to the Linkage Plan through Joint Amendment No. 12, which was published for public comment in the Federal Register on May 19, 2004.<sup>11</sup> The Commission received no comments in response to publication of Joint Amendment No. 12. The Commission believes that no new issues of regulatory concern are being raised by the CBOE's proposed rule change. The Commission believes, therefore, that granting accelerated approval of the proposed rule change is appropriate and consistent with Sections 6 and 19(b) of the Act.<sup>12</sup>

<sup>11</sup> See supra note 5.

V. Conclusion

IT IS THEREFORE ORDERED, pursuant to Section 19(b)(2) of the Act,<sup>13</sup> that the proposed rule change (SR-CBOE-2004-29), as amended, is approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>14</sup>
