(Release No. 34-85078; File No. SR-CboeEDGX-2019-002)

February 8, 2019

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend the Exchange's Fee Schedule Applicable to its Equities Trading Platform ("EDGX Equities") to Introduce a "Cross-Asset Volume Tier"

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 29, 2019, Cboe EDGX Exchange, Inc. (the "Exchange" or "EDGX") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. ("EDGX" or the "Exchange") is filing with the Securities and Exchange Commission (the "Commission") a proposed rule change to amend the Exchange's fee schedule applicable to its equities trading platform ("EDGX Equities") to introduce a "Cross-Asset Volume Tier." The text of the proposed rule change is attached as Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/options/regulation/rule_filings/edgx/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the EDGX Equities fee schedule to introduce a “Cross-Asset Volume Tier” under Footnote 1, effective February 1, 2019.

Currently, with respect to the Exchange’s equities trading platform, the Exchange determines the liquidity adding rebate that it will provide to Members using the Exchange’s tiered pricing structure. The EDGX Equities fee schedule currently contains seven Add Volume Tiers that provide enhanced rebates, ranging from of \$0.0025 to \$0.0033 per share, for orders yielding fee codes B,³ V,⁴ Y,⁵ 3⁶ and 4.⁷ The Exchange proposes to adopt an eighth tier under Footnote 1 called the Cross-Asset Volume Tier. Particularly, the Exchange proposes to create a cross-asset tier which is designed to incentivize members to achieve certain levels of participation on both the Exchange’s equities and options platform (“EDGX Options”). As

³ “B” is associated with displayed orders that add liquidity on EDGX for Tape B.

⁴ “V” is associated with displayed orders that add liquidity on EDGX for Tape A.

⁵ “Y” is associated with displayed orders that add liquidity on EDGX for Tape C.

⁶ “3” is associated with displayed orders that add liquidity on EDGX for Tape A or C during the post-market or pre-market trading sessions.

proposed, under the Cross-Asset Volume Tier, a Member would receive a rebate of \$0.0030 per share if that Member (i) adds an ADV⁸ greater or equal to 0.20% of the TCV⁹ and (ii) has an ADV in Customer orders on EDGX Options greater or equal to 0.10% of average OCV¹⁰. The Exchange notes that another Exchange has similar cross-asset add volume tiers.¹¹

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6 of the Act,¹² in general, and furthers the requirements of Section 6(b)(4),¹³ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its [sic]

In particular, the Exchange notes that volume-based discounts such as those currently maintained on the Exchange have been widely adopted by options exchanges and are equitable because they are open to all Members on an equal basis and provide additional benefits or discounts that are reasonably related to (i) the value of an exchange's market quality; (ii) associated with higher levels of market activity, such as higher levels of liquidity provision

⁸ "ADV" means average daily volume calculated as the number of shares added to, removed from, or routed by, the Exchange, or any combination or subset thereof, per day. ADV is calculated on a monthly basis.

⁹ "TCV" means total consolidated volume calculated as the volume reported by all exchanges and trade reporting facilities to a consolidated transaction reporting plan for the month for which the fees apply.

¹⁰ "OCV" means, for purposes of equities pricing, the total equity and ETF options volume that clears in the Customer range at the Options Clearing Corporation ("OCC") for the month for which the fees apply, excluding volume on any day that the Exchange experiences an Exchange System Disruption and on any day with a scheduled early market close, using the definition of Customer as provided under the Exchange's fee schedule for EDGX Options.

and/or growth patterns; and (iii) introduction of higher volumes of orders into the price and volume discovery processes. The Exchange believes the proposal to add a new Cross-Asset Volume Tier under footnote 1 is reasonable because it provides Members an additional opportunity to receive an enhanced rate for orders that add liquidity and is a reasonable means to encourage Members to increase their liquidity on the Exchange in both equities and options. Deepening the Exchange's liquidity pool benefits investors by encouraging more price competition and providing additional opportunities to trade. The Exchange further believes the proposed threshold is commensurate with the proposed enhanced rebate and that it will encourage members to add increased liquidity to EDGX each month in both equities and options. Furthermore, the Exchange believes that the proposed Cross-Asset Volume Tier is not unfairly discriminatory as it applies uniformly to all Members.

To the extent a Member participates on the Exchange but not on EDGX Options, the Exchange does believe that the proposal is still reasonable, equitably allocated and non-discriminatory with respect to such Member based on the overall benefit to the Exchange resulting from the success of EDGX Options. Particularly, the Exchange believes such success allows the Exchange to continue to provide and potentially expand its existing incentive programs to the benefit of all participants on the Exchange, whether they participate on EDGX Options or not. The proposed pricing program is also fair and equitable in that membership in EDGX Options is available to all market participants which would provide them with access to the benefits on EDGX Options provided by the proposed change, even where a member of EDGX Options is not necessarily eligible for the proposed increased rebate on the Exchange. Further, the proposed change will result in Members receiving either the same or an increased

rebate than they would currently receive. The Exchange also notes that another Exchange has similar cross-asset volume tiers.¹⁴

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Rather, the proposed change is designed to enhance competition by attracting additional liquidity and increasing the competitiveness of the Exchange. The proposed rebate tier would apply to all members uniformly based. The Exchange operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. The proposed rule change reflects a competitive pricing structure designed to encourage market participants to direct their order flow to the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁵ and paragraph (f) of Rule 19b-4¹⁶ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
