Rule 80301 – End – No change

II. Self-Regulatory Organizations Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CME included statements concerning the purpose and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below.

CME has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

CME offers clearing services for certain credit default swap index products. Currently, CME offers clearing of the Markit CDX North American Investment Grade Index Series 9, 10, 11, 12, 13, 14, 15, 16, 17 and 18 and also offers clearing of the Markit CDX North American High Yield Index Series 11, 12, 13, 14, 15, 16, 17 and 18.

The proposed rule changes that are the subject of this filing are intended to expand CME's Markit CDX North American Investment Grade Index and Markit CDX North American High Yield Index product offerings by incorporating the upcoming Series 19 for both sets of index products.

The proposed rule changes that are the subject of this filing became immediately effective upon filing the proposed rule change with the Commission but will become operational as follows: CME will accept CDX IG Series 19 for clearing on September 20, 2012 and will accept CDX HY Series 19 for clearing on September 27, 2012. CME notes that it has also certified the proposed rule changes that are the subject of this filing to its primary regulator, the Commodity Futures Trading Commission ("CFTC"), in CFTC Submission 12-283. The text of the CME proposed rule amendments is included above, with additions underlined and deletions in brackets.

The proposed CME rule amendments merely incorporate one additional series to CME's existing offering of broad-based Markit CDX North American Investment Grade and High Yield Index credit default swaps. As such, the proposed amendments simply effect changes to an existing service of a registered clearing agency that (1) do not adversely affect the safeguarding

of securities or funds in the custody or control of the clearing agency or for which it is responsible and (2) do not significantly affect the respective rights or obligations of the clearing agency or persons using its clearing agency services. Therefore, the proposed rule change is properly filed under Section 19(b)(3)(A) and Rule 19b-4(f)(4)(i) thereunder.

B. Self-Regulatory Organization's Statement on Burden on Competition.

CME does not believe that the proposed rule change will have any impact or impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others.

CME has not solicited, and does not intend to solicit, comments regarding this proposed rule change. CME has not received any unsolicited written comments from interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change was filed pursuant to Section 19(b)(3)(A)⁵ of the Act and paragraph (f)(4)(i) of Rule 19b-4⁶ thereunder and therefore became effective on filing. At any time within 60 days of the filing of such rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
