

SECURITIES AND EXCHANGE COMMISSION  
(Release No. 34-73786; File No. SR-CME-2014-54)

December 8, 2014

Self-Regulatory Organizations; Chicago Mercantile Exchange Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to Position Limits and Position Accountability of the USD Malaysian Crude Palm Oil Calendar (Cleared Only) Contracts

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “Exchange Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on November 25, 2014, Chicago Mercantile Exchange Inc. (“CME”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change described in Items I, II and III, below, which Items have been primarily prepared by CME. CME filed the proposal pursuant to Section 19(b)(3)(A) of the Act,<sup>3</sup> and Rule 19b-4(f)(4)(ii)<sup>4</sup> thereunder, so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

CME is filing a proposed rule change that is limited to its business as a derivatives clearing organization (“DCO”). More specifically, the proposed rule change would amend rules related to the position limits and position accountability of the USD Malaysian Crude Palm Oil Calendar (Cleared Only) Contract for clearing.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CME included statements concerning the purpose and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CME has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

CME is registered as a DCO with the Commodity Futures Trading Commission ("CFTC") and offers clearing services for many different futures and swaps products. The proposed rule change that is the subject of this filing is limited to CME's business as a DCO offering clearing services for CFTC-regulated swaps products. More specifically, the proposed rule change would amend rules related to the position limits and position accountability of the USD Malaysian Crude Palm Oil Calendar Swap (Cleared Only) Contract for clearing.

The proposed amendment would establish independent position accountability levels for CME's USD Malaysian Crude Palm Oil Calendar Swap (the "Swap"). Feedback from counterparties to the Swap suggests that much of the participation in the product involves commercial hedgers or counterparties to commercial hedgers. The Swap is not subject to mandatory position limit requirements. Transitioning from position limits to position accountability levels will facilitate the risk reduction practices of commercial firms and promote the continued participation of counterparties to commercial hedgers. Accordingly, CME proposes to transition the Swap's current

position limit of 2,800 contracts into new position accountability levels to be set at 2,800 contracts.

The amendment will be reflected in the Position Limit, Position Accountability and Reportable Level Table and Header Notes located in the Interpretations and Special Notices Section of Chapter 5 of the CME Rulebook.

The changes that are described in this filing are limited to CME's business as a DCO clearing products under the exclusive jurisdiction of the CFTC. The changes will be effective on filing. CME notes that it has also certified the proposed rule change that is the subject of this filing to its primary regulator, the CFTC, in a separate filing, CME Submission No. 14-434.

CME believes the proposed rule change is consistent with the requirements of the Exchange Act including Section 17A of the Exchange Act.<sup>5</sup> CME is proposing the amendment to establish new independent position accountability levels for CME's USD Malaysian Crude Palm Oil Calendar Swap, a change that is expected to facilitate the risk reduction practices of commercial firms and promote the continued participation of counterparties to commercial hedgers. The change is designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivatives agreements, contracts, and transactions, to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible, and, in general, to protect investors and the public interest consistent with Section 17A(b)(3)(F) of the Exchange Act.<sup>6</sup>

<sup>6</sup> 15 U.S.C. 78q-1(b)(3)(F).

Furthermore, the proposed change is limited in its effect to products offered under CME's authority to act as a DCO. The products that are the subject of this filing are under the exclusive jurisdiction of the CFTC. As such, the proposed change is limited to CME's activities as a DCO clearing swaps that are not security-based swaps, futures that are not security futures and forwards that are not security forwards. CME notes that the policies of the CFTC with respect to administering the Commodity Exchange Act are comparable to a number of the policies underlying the Exchange Act, such as promoting market transparency for over-the-counter derivatives markets, promoting the prompt and accurate clearance of transactions and protecting investors and the public interest.

Because the proposed change is limited in its effect to products offered under CME's authority to act as a DCO, the proposed change is properly classified as effecting a change in an existing service of CME that:

- (a) primarily affects the clearing operations of CME with respect to products that are not securities, including futures that are not security futures, swaps that are not security-based swaps or mixed swaps; and forwards that are not security forwards; and
- (b) does not significantly affect any securities clearing operations of CME or any rights or obligations of CME with respect to securities clearing or persons using such securities-clearing service.

As such, the change is therefore consistent with the requirements of Section 17A of the Exchange Act<sup>7</sup> and are properly filed under Section 19(b)(3)(A)<sup>8</sup> and Rule 19b-4(f)(4)(ii)<sup>9</sup> thereunder.

B. Self-Regulatory Organization's Statement on Burden on Competition

CME does not believe that the proposed rule change will have any impact, or impose any burden, on competition. The proposed amendment would simply establish independent position accountability levels for CME's USD Malaysian Crude Palm Oil Calendar Swap. Further, the change is limited to CME's derivatives clearing business and, as such, does not affect security-based swap clearing activities of CME in any way and therefore would not impose any burden on competition that is inappropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others.

CME has not solicited, and does not intend to solicit, comments regarding this proposed rule change. CME has not received any unsolicited written comments from interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)<sup>10</sup> of the Act and paragraph (f)(4)(ii) of Rule 19b-4<sup>11</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is
