(Release No. 34-68468; File No. SR-FINRA-2012-055)

December 19, 2012

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Date by Which Eligible Registrants Must Complete a Firm-Element Continuing Education Program To Qualify To Engage in a Security Futures Business

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 12, 2012, Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a “non-controversial” rule change under paragraph (f)(6) of Rule 19b-4 under the Act,³ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to amend NASD Rule 1022 (Categories of Principal Registration) and NASD Rule 1032 (Categories of Representative Registration) to extend the deadline by which eligible registrants must complete a firm-element continuing education requirement to engage in a security futures business to December 31, 2015, or one business day prior to the date a revised examination that includes security futures products is offered.

The text of the proposed rule change is available on FINRA's website at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In 2002, FINRA modified the following registration categories to include the activities of engaging in and supervising securities futures: (1) Registered Options Principal (Series 4); (2) Limited Principal – General Securities Sales Supervisor (Series 9/10); (3) General Securities Representative (Series 7); and (4) Registered Options Representative (Series 42).⁴ FINRA also required that persons currently registered or becoming registered in these categories complete a firm-element continuing education requirement addressing security futures before they conducted any security futures business. FINRA instituted this continuing education requirement to ensure that registered personnel, who may not be familiar with risks, trading characteristics, terms and nomenclature of these products, or the fact that they are subject to the joint jurisdiction of the SEC and CFTC, receive the necessary training.

⁴ See Securities Exchange Act Release No. 46663 (October 15, 2002), 67 FR 64944 (October 22, 2002) (Order Approving File No. SR-NASD-2002-40).

FINRA initially considered replacing the firm-element continuing education requirement with revised qualification examinations for these categories that addressed security futures; however, due to low trading volume in security futures and limited interest for registered representatives to engage in security futures business, such qualification examinations have not been implemented. Accordingly, FINRA has twice extended the deadline for completing a firm-element continuing education requirement.⁵ In view of the fact that there are no revised qualification examinations addressing security futures, FINRA intends to continue to require eligible registrants to complete the mandated firm-element continuing education requirement before engaging in any security futures business. The proposed rule change amends NASD Rule 1022 and NASD Rule 1032 to extend the deadline by which eligible registrants must complete the firm-element continuing education requirement to engage in a security futures business from December 31, 2012 to December 31, 2015, or one business day prior to the date a revised examination that includes security futures products is offered.

FINRA has filed the proposed rule change for immediate effectiveness. The implementation date will be December 31, 2012.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁶ which requires, among other things, that FINRA rules must be designed to

⁵ In 2006, FINRA extended the deadline for completing a firm-element continuing education requirement from December 31, 2006 to December 31, 2009. See Securities Exchange Act Release No. 54617 (October 17, 2006), 71 FR 62498 (October 25, 2006) (Notice of Filing and Immediate Effectiveness of File No. SR-NASD-2006-118). In 2009, FINRA extended the deadline for completing a firm-element continuing education requirement from December 31, 2009 to December 31, 2012. See Securities Exchange Act Release No. 61231 (December 23, 2009), 74 FR 69173 (December 30, 2009) (Notice of Filing and Immediate Effectiveness of File No. SR-FINRA-2009-092).

prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. The proposed rule change is necessary to continue to allow eligible registrants to complete a firm-element continuing education program that will qualify them to engage in a security futures business.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

FINRA believes that the proposed rule change is necessary to continue to allow eligible registrants to complete a firm-element continuing education program that will qualify them to engage in a security futures business.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

FINRA has requested that the Commission waive the 30-day operative delay to permit the proposed rule change to become operative on December 31, 2012. The Commission finds that waiver of the operative delay is consistent with the protection of investors and the public

interest because the waiver will keep in place the ability of registered persons to qualify to sell security futures by completing a firm-element continuing education program in lieu of an exam. Therefore, the Commission designates the proposal operative on December 31, 2012.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
