Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Amendments to the ICE Clear Europe Delivery Procedures

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”), and Rule 19b-4 thereunder, notice is hereby given that on February 15, 2019, ICE Clear Europe Limited (“ICE Clear Europe” or the “Clearing House”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule changes described in Items I, II and III below, which Items have been prepared by ICE Clear Europe. ICE Clear Europe filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act, and Rule 19b-4(f)(4)(ii) thereunder, so that the proposal was immediately effective upon filing. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

The principal purpose of the proposed amendments is for ICE Clear Europe to to [sic] add delivery terms relating to the ICE Futures Europe (“ICE Futures Europe” or

“IFEU”) Permian West Texas Intermediate Crude Oil Storage Futures Contracts (the “Contracts”).

II. **Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) **Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

(a) **Purpose**

ICE Clear Europe is amending its Delivery Procedures to add a new Section 10 and a new Part DD regarding delivery procedures relating to a new Contract that will be traded on ICE Futures Europe and cleared by ICE Clear Europe.

New Part DD sets out the delivery specifications and procedures for deliveries of storage capacity under the Contract. Delivery is effected by Magellan Crude Oil Pipeline Company, L.P. (“Magellan”) providing to the buyer a Capacity Allocation Contract ("CAC") for storage of one or more increments of 1,000 barrels of Permian West Texas

6 This is a standardized agreement between Magellan and a buyer providing the contractual right to use designated Permian WTI Storage in the delivery month as further detailed in the Permian WTI Storage Contract.
Intermediate crude oil for a named calendar month at Magellan’s East Houston terminal (“MEH”). The amendments also establish standards for the storage provided, as well as relevant procedures for exchange of futures for physical transactions under exchange rules.

Part DD addresses certain the responsibilities of the Clearing House and relevant parties for delivery under the Contracts, supplementing the existing provisions of the Rules. Specifically, neither the Clearing House nor ICE Futures Europe are responsible for the performance of Magellan or any person operating MEH, nor do they give any undertaking or warranty to any person as to the effect of the Contract Terms and Delivery Procedures as regards title to Permian WTI Storage. Further, neither the Clearing House nor ICE Futures Europe will have any liability for the condition of the Magellan storage system or for the performance by Magellan or any person who operates such system of any responsibilities they may assume towards Clearing Members or other persons pursuant to the Contract Terms, except for liability for fraud or bad faith or liability which cannot lawfully be excluded. Neither the Clearing House nor ICE Futures Europe has any obligation to any person to ensure the accuracy or availability of any information in Magellan’s records in relation to storage rights arising from CACs in relation to Permian WTI Storage.

Part DD addresses delivery margin and invoicing with respect to the Contract and specifies certain details of the delivery process. Delivery of Contracts will be based on open contract positions at the close of trading on the last trading day for which physical delivery is specified. The procedures include a detailed timeframe for relevant notices of intent to deliver or receive, nominations of parties to delivery or receive, delivery confirmations, invoicing, release of delivery margin following completion of delivery and other matters.
New Section 10 addresses alternative delivery procedures (ADP) that the parties to a Contract may agree in lieu of the standard delivery arrangements in Part DD and relevant exchange rules. Section 10 addresses procedures for requesting such an alternative arrangement, disclosure of the counterparty (if amenable to an alternative arrangement), and confirmation and settlement of the alternative arrangement.

(b) Statutory Basis

Section 17A(b)(3)(F) of the Act\(^7\) requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions, the safeguarding of securities and funds in the custody or control of the clearing agency or for which it is responsible, and the protection of investors and the public interest. The proposed amendments are designed to facilitate the clearing of a new physically settled crude oil storage futures contract that is being launched for trading by the ICE Futures Europe exchange. The amendments set out the obligations and roles of Clearing Members, the Clearing House and Magellan, the relevant storage facility for purposes of the Contracts. ICE Clear Europe believes that its financial resources, risk management, systems and operational arrangements are sufficient to support clearing of such products (and to address physical delivery under such contracts) and to manage the risks associated with such contracts. As a result, in ICE Clear Europe’s view, the amendments will be consistent with the prompt and accurate clearance and settlement of the Contracts, and the protection of investors and the public interest consistent with the

requirements of Section 17A(b)(3)(F) of the Act. In ICE Clear Europe’s view, the amendments will not affect the safeguarding of funds or securities in the custody or control of the clearing agency or for which it is responsible, within the meaning of Section 17A(b)(3)(F).

In addition, Rule 17Ad-22(e)(10) requires that each covered clearing agency establish and maintain transparent written standards that state its obligations with respect to the delivery of physical instruments, and establish and maintain operational practices that identify, monitor and manage the risks associated with such physical deliveries. As discussed above, the amendments to the Delivery Procedures to allow for the delivery and settlement under the Contracts, taken together with the Rules and ICE Futures Europe exchange contract terms, set out the obligations and roles of Clearing Members, the Clearing House and Magellan, the relevant storage facility for purposes of the Contracts. The amendments also adopt relevant procedures for such deliveries, which will facilitate identifying, monitoring and managing risks associated with delivery.

(B) Clearing Agency’s Statement on Burden on Competition

ICE Clear Europe does not believe the proposed rule changes would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purposes of the Act. The changes are being proposed in order to update the Delivery Procedures in connection with the listing of the Contracts for trading on the ICE Futures Europe market. ICE Clear Europe believes that such contracts will provide

opportunities for interested market participants to engage in trading activity in the Permian WTI storage market. ICE Clear Europe does not believe the amendments would adversely affect competition among Clearing Members, materially affect the cost of clearing, adversely affect access to clearing in Contracts for Clearing Members or their customers, or otherwise adversely affect competition in clearing services. Accordingly, ICE Clear Europe does not believe that the amendments would impose any impact or burden on competition that is not appropriate in furtherance of the purpose of the Act.

(C) Clearing Agency’s Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments relating to the proposed amendments have not been solicited or received by ICE Clear Europe. ICE Clear Europe will notify the Commission of any comments received with respect to the proposed amendments.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act\textsuperscript{11} and paragraph (f) of Rule 19b-4\textsuperscript{12} thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
