

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-66623; File No. SR-ISE-2012-23)

March 20, 2012

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Regarding the Short Term Option Series Program

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that, on March 13, 2012, the International Securities Exchange, LLC (“Exchange” or “ISE”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its rules regarding the Short Term Option Series Program. The text of the proposed rule change is available on the Exchange’s Web site www.ise.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b-4(f)(6).

purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend ISE Rules 504 and 2009 regarding the Short Term Option Series Program (“STOS Program”).⁵ Specifically, the Exchange proposes to amend its rules to allow the Exchange to open short term option series that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules.

Currently, ISE may select up to 30 currently listed option classes on which short term option series may be opened in the STOS Program. The Exchange may also match any option classes that are selected by other securities exchanges that employ a similar program under their respective rules. For each option class eligible for participation in the STOS Program, the Exchange may open up to 30 short term option series for each expiration date in that class.

This proposal seeks to allow the Exchange to open short term option series that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules. This change is being proposed notwithstanding the current cap of 30 series per class under the STOS Program. This is a competitive filing and is based on

⁵ The Exchange adopted the STOS Program on a pilot basis in 2005. See Securities Exchange Act Release No. 52012 (July 12, 2005), 70 FR 41246 (July 18, 2005) (SR-ISE-2005-17). The STOS Program was approved on a permanent basis in 2010. See Securities Exchange Act Release No. 62444 (July 2, 2010), 75 FR 39595 (July 9, 2010) (SR-ISE-2010-72).

approved filings and existing rules of The NASDAQ Stock Market LLC for the NASDAQ Options Market (“NOM”) and NASDAQ OMX PHLX, Inc. (“PHLX”).⁶

ISE is competitively disadvantaged since it operates a substantially similar STOS Program as NOM and PHLX but is limited to listing a maximum of 30 series per options class that participates in its STOS Program (whereas PHLX and NOM are not similarly restricted).

The Exchange is not proposing any changes to the STOS Program other than the ability to open short term option series that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules.

ISE notes that the STOS Program has been well-received by market participants, in particular by retail investors. ISE believes that the current proposed revision to the STOS Program will permit the Exchange to meet increased customer demand and provide market participants with the ability to hedge in a greater number of option classes and series.

With regard to the impact of this proposal on system capacity, ISE has analyzed its capacity and represents that it and the Options Price Reporting Authority (“OPRA”) have the necessary systems capacity to handle the potential additional traffic associated with trading of an expanded number of series for the classes that participate in the STOS Program.

The proposed increase to the number of series per classes eligible to participate in the STOS Program is required for competitive purposes as well as to ensure consistency and uniformity among the competing options exchanges that have adopted similar STOS Programs.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of

⁶ See Securities Exchange Act Release Nos. 65775 (November 17, 2011), 76 FR 72473 (November 23, 2011) (SR-NASDAQ-2011-138) and 65776 (November 17, 2011), 76 FR 72482 (November 23, 2011) (SR-PHLX-2011-131).

the Securities Exchange Act of 1934⁷ (the “Act”) in general, and furthers the objectives of Section 6(b)(5) of the Act⁸ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The Exchange believes that expanding the current short term options program will result in a continuing benefit to investors by giving them more flexibility to closely tailor their investment decisions and hedging decisions in greater number of securities. The Exchange believes that expanding the current program will provide the investing public and other market participants with additional opportunities to hedge their investment thus allowing these investors to better manage their risk exposure. While the expansion of the STOS Program will generate additional quote traffic, the Exchange does not believe that this increased traffic will become unmanageable since the proposal remains limited to a fixed number of classes.

B. Self-Regulatory Organization’s Statement on Burden on Competition

ISE does not believe that this proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act. In this regard and as indicated above, the Exchange notes that the rule change is being proposed as a competitive response to existing NOM and PHLX rules. ISE believes this proposed rule change is necessary to permit fair competition among the options exchanges with respect to their short term options programs.

⁷ 15 U.S.C. 78f(b).

⁸ 15 U.S.C. 78f(b)(5).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because the proposal is substantially similar to those of other exchanges that have been approved by the Commission and permit such exchanges to open short term option series that are opened by other securities exchanges under their respective short term option rules.¹¹ Therefore, the Commission designates the proposal operative upon filing.¹²

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹¹ See supra note 6.

¹² For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-ISE-2012-23 on the subject line.

Paper comments:

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-ISE-2012-23. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F

Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-ISE-2012-23 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹³
