the Exchange responding to the Order Instituting Proceedings.⁷ The Commission received one other comment letter on the proposed rule change.⁸

Section 19(b)(2) of the Act provides that proceedings to determine whether to disapprove a proposed rule change must be concluded within 180 days of the date of publication of notice of the filing of the proposed rule change.⁹ The time for conclusion of the proceedings may be extended for up to 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination.¹⁰ The 180th day for this filing is June 8, 2015.

The Commission is extending the time period for Commission action on the proposed rule change. The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the comment letters and take action on the Exchange's proposed rule change.
