(c) QCC with Stock Orders are processed as follows:

- (1) When a member enters a QCC with Stock Order, a Qualified Contingent Cross Order is entered on the Exchange pursuant to Rule 721(b).
- (2) If the Qualified Contingent Cross Order is executed, the Exchange will automatically communicate the stock component to the member's designated broker-dealer for execution.
- (3) If the Qualified Contingent Cross Order cannot be executed, the entire QCC with Stock Order, including both the stock and options components, is cancelled.

**Supplementary Material to Rule 721**

.01 QCC with Stock Orders can be entered with separate prices for the stock and options components, or with a net price for both.

.02 QCC with Stock Orders are available to members on a voluntary basis. Members that enter QCC with Stock Orders must enter into a brokerage agreement with one or more broker-dealers designated by the Exchange. The member must designate a specific broker-dealer on each order if the member has entered into an agreement with more than one. The Exchange will have no financial arrangements with the designated broker-dealers with respect to communicating stock orders to them.

.03 Members that execute the options component of a qualified contingent trade entered as a QCC with Stock Order remain responsible for the execution of the stock component if they do not receive an execution from their designated broker-dealer.
