SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-69518; File No. SR-MIAX-2013-18)

May 6, 2013

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Priority Customer Size

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")\(^1\) and Rule 19b-4 thereunder,\(^2\) notice is hereby given that on April 24, 2013, Miami International Securities Exchange LLC ("MIAX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Exchange Rule 506, Collection and Dissemination of Quotations, by adopting new Exchange Rule 506(c)(ii) to state that the Exchange will make available to subscribers of its MIAX Top of Market ("ToM") data feed the quantity of Priority Customer (defined below) contracts included in the MIAX Best Bids and Offers ("MBBOs") disseminated by the Exchange.

The text of the proposed rule change is available on the Exchange’s website at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX’s principal office, and at the Commission’s Public Reference Room.

II. **Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. **Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

1. **Purpose**

The purpose of the proposed rule change is to make available to subscribers of its ToM market data product\(^3\) the quantity of Priority Customer (defined below) contracts included in the MBBO disseminated by the Exchange in order to provide additional transparency to ToM subscribers regarding the disseminated MBBO. The Exchange does not intend to charge additional fees for the inclusion of Priority Customer size in the aggregate size component of ToM at this time.

Currently, the ToM is a direct data feed that includes: the Exchange’s best bid and offer, with aggregate size and last sale information on the MIAX system; opening imbalance condition information; opening and intra-day routing information; Expanded Quote Range information; Post-Halt Notification; and Liquidity Refresh condition information.\(^4\) The ToM data feed includes data that is identical to the data sent to the processor for the Options Price Reporting

---

\(^4\) [See id.]
Authority ("OPRA"). The ToM and OPRA data leave the MIAX system at the same time, as required under Section 5.2(c)(iii)(B) of the Limited Liability Company Agreement of the Options Price Reporting Authority LLC (the “OPRA Plan”), which prohibits the dissemination of proprietary information on any more timely basis than the same information is furnished to the OPRA System for inclusion in OPRA’s consolidated dissemination of options information.

The Exchange now proposes to make available additional information in the ToM data feed that specifies the quantity of Priority Customer\(^5\) contracts that are included in the aggregate size of the MBBO. Information regarding the quantity of Priority Customer interest included in the size of the MBBO may provide market participants transparency as to how orders would be allocated when the Priority Customer Overlay\(^6\) is in effect. When the Priority Customer Overlay is in effect, Priority Customer Orders on the Exchange generally have priority over Professional Interest and all Market Maker interest at the same price. The Exchange believes that the additional information regarding the quantity of Priority Customers contracts may provide certain ToM subscribers an additional tool to use when making routing, quotation, price and size decisions regarding where they should send orders and quotes, and the nature of such orders and quotes (i.e., price and size).

---

\(^5\) The term “Priority Customer” means a person or entity that (i) is not a broker or dealer in securities, and (ii) does not place more than 390 orders in listed options per day on average during a calendar month for its own beneficial accounts(s). See Exchange Rule 100.

\(^6\) The Exchange generally uses a pro-rata allocation model, and deploys certain “Priority Overlays” on a class-by-class basis. One such Priority Overlay is the Priority Customer Overlay. When the Priority Customer Overlay is in effect, the highest bid and lowest offer have priority except that Priority Customer Orders have priority over Professional Interest and all Market Maker interest at the same price. If there are two or more Priority Customer Orders for the same options series at the same price, priority is afforded to such Priority Customer Orders in the sequence in which they are received by the System. See Exchange Rule 514(d)(1).
As stated above, the Exchange is not proposing at this time to assess additional fees for the inclusion of Priority Customer size as a component of the information included in the ToM market data product. The Exchange notes that it would file a 19b-4 Rule Filing prior to assessing additional fees for the Priority Customer size component of the information included in the ToM market data product.

Because of the technology changes associated with this rule proposal, the Exchange will announce the implementation date of the proposal in an Exchange Circular to be published no later than 30 days after the publication of the notice in the Federal Register. The implementation date will be no later than 30 days following publication of the Exchange Circular announcing publication of the notice in the Federal Register.

2. Statutory Basis

MIAx believes that its proposed rule change is consistent with Section 6(b)\(^7\) of the Act in general, and furthers the objectives of Section 6(b)(5)\(^8\) of the Act in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest, and it is not designed to permit unfair discrimination among customers, brokers, or dealers.

The addition of Priority Customer size as a component of the information included in the ToM product is designed to promote just and equitable principles of trade by providing ToM

---

\(^7\) 15 U.S.C. 78f(b).

subscribers with market data that should enable them to make informed decisions on trading in
MIAX options by using the ToM data to assess current market conditions that directly affect
such decisions. The proposal removes impediments to, and is designed to further perfect, the
mechanisms of a free and open market and a national market system by making the MIAX
market more transparent and accessible to market participants making routing decisions
concerning their options orders, and concerning the nature of their quotes.

The ToM market data product is also designed to protect investors and the public interest
by providing market data to subscribers that offers market participants additional information in
order to make decisions concerning their orders and/or quotes.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on
competition not necessary or appropriate in furtherance of the purposes of the Act.

MIAX operates within a highly competitive market in which market participants can
readily send order flow to other competing venues if, among other things, they deem allocation
rules at a particular venue to be unreasonable or disproportionate. The proposed rule change is
intended to offer market participants additional information and transparency in the marketplace,
and therefore enhances competition among exchanges by further enabling market participants to
make informed order routing and quoting decisions.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule
Change Received from Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection
of investors or the public interest; (ii) impose any significant burden on competition; and (iii)
become operative for 30 days after the date of the filing, or such shorter time as the
Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act and
Rule 19b-4(f)(6) thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission
summarily may temporarily suspend such rule change if it appears to the Commission that such
action is necessary or appropriate in the public interest, for the protection of investors, or
otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the
Commission shall institute proceedings to determine whether the proposed rule should be
approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning
the foregoing, including whether the proposed rule change is consistent with the Act. Comments
may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (http://www.sec.gov/rules/sro.shtml); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-MIAX-2013-18 on the subject line.

---

organization to give the Commission written notice of its intent to file the proposed rule
change at least five business days prior to the date of filing of the proposed rule change,
or such shorter time as designated by the Commission. The Exchange has satisfied this
requirement.
Paper comments:

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-MIAX-2013-18. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet website (http://www.sec.gov/rules/sro.shtml). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission’s Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer
to File Number SR-MIA&X-2013-18 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority. ¹¹

Kevin M. O’Neill
Deputy Secretary
