Self-Regulatory Organizations: Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend the MIAX Fee Schedule

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)\(^1\) and Rule 19b-4 thereunder,\(^2\) notice is hereby given that on October 24, 2013, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend its Fee Schedule.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. **Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

1. **Purpose**

The Exchange proposes to establish a $0.08 transaction fee for executions in standard option contracts and $0.008 transaction fee for Mini Option contracts for Market Makers\(^3\) registered on the Exchange.

The current transaction fees for Market Makers are: (i) RMMs $0.05 per contract for standard options or $0.005 for Mini Options; (ii) LMMs $0.05 per contract for standard options or $0.005 for Mini Options; (iii) DLMMs and PLMMs $0.05 per contract for standard options or $0.005 for Mini Options; and (iv) DPLMMs $0.05 per contract for standard options or $0.005 for Mini Options.\(^4\) The proposal will increase the transaction fees for all Market Makers in both standard options and Mini Options. The Exchange proposes to implement the new transaction fees beginning November 1, 2013.

The previous transaction fees were designed both to enhance the Exchange’s competitiveness with other option exchanges and to strengthen its market quality. Now that both intermarket and intramarket competition has been increased the Exchange believes that it would be beneficial to marginally increase the transaction fees for all Market Makers to bring rates closer in line with transaction fees charged to other market participants that execute orders on the

\(^3\) Market Makers may be registered as a Lead Market Maker or as a Registered Market Maker. See Exchange Rule 600(b). Market Makers registered on the Exchange for purposes of the transaction fee and Section 1(a)(i) of the Fee Schedule include: (i) Registered Market Maker (“RMM”); (ii) Lead Market Maker (“LMM”); (iii) Directed Order Lead Market Maker (“DLMM”); (iv) Primary Lead Market Maker (“PLMM”); and Directed Order Primary Lead Market Maker (“DPLMM”). See MIAx Options Fee Schedule, Section 1(a)(i) – Market Maker Transaction Fees.

Exchange. The Exchange notes that Market Maker transactions fees will still remain lower than other market participants in order to continue to incent market participants and market makers on other exchanges to register as Market Makers on the Exchange. The Exchange believes that maintaining lower transaction fees for Market Makers registered on the Exchange promotes tighter bid-ask spreads by Market Makers, and increases the volume of transactions in order to allow the Exchange to compete more effectively with other options exchanges for such transactions.

2. **Statutory Basis**

The Exchange believes that its proposal to amend its fee schedule is consistent with Section 6(b) of the Act\(^5\) in general, and furthers the objectives of Section 6(b)(4) of the Act\(^6\) in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

The Exchange believes that the proposal is fair, equitable and not unreasonably discriminatory. The proposal is reasonable because it results in a marginal increase in transactions fees for all Market Makers on the Exchange to bring rates closer in line with transaction fees charged to other market participants that execute orders on the Exchange. The proposed fees are fair and equitable and not unreasonably discriminatory because they will apply equally to all Market Makers regardless of type. All Market Makers will be subject to the same transaction fee, and access to the Exchange is offered on terms that are not unfairly discriminatory. The registration as an Exchange Market Maker is equally available to all market participants and Electronic Exchange Members (“EEMs”) that satisfy the requirements of Rule

Any market participant may choose to satisfy the additional requirements and obligations of being a Market Maker in order to qualify for the transaction fee.

The Exchange believes that maintaining lower transaction fees for Market Makers is equitable and not unfairly discriminatory because Market Markers on the Exchange have enhanced quoting obligations measured in both quantity (% time) and quality (minimum bid-ask differentials) that other market participants do not have. Additionally, maintaining lower transaction fees for Market Makers registered on the Exchange promotes tighter bid-ask spreads by Market Makers, and increases the volume of transactions in order to allow the Exchange to compete more effectively with other options exchanges for such transactions. To the extent that this purpose is achieved, all the Exchange’s market participants should benefit from the improved market liquidity. Enhanced market quality and increased transaction volume that results from the increase in Market Maker activity on the Exchange will benefit all market participants and improve competition on the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

MIAx does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposal increases both intermarket and intramarket competition by marginally increasing transactions fees for all Market Makers on the Exchange to bring rates closer in line with transaction fees charged to other market participants that execute orders on the Exchange. The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and to attract order flow. The Exchange believes that the proposal reflects this competitive environment because it increases the Exchange’s fees in a
manner that continues to encourage market participants to register as Market Makers, to provide liquidity, and to attract order flow to the Exchange. To the extent that this purpose is achieved, all the Exchange’s market participants should benefit from the improved market liquidity. Enhanced market quality and increased transaction volume that results from the increase in Market Maker activity on the Exchange will benefit all market participants and improve competition on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
