

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-75486; File No. SR-MIAX-2015-48)

July 20, 2015

Self-Regulatory Organizations; Miami International Securities Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend Exchange Rule 515A to Extend the Pilot Period for Certain Aspects of the PRIME Auction to July 18, 2016

Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 16, 2015, Miami International Securities Exchange LLC (“MIAX” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Exchange Rule 515A.

The text of the proposed rule change is available on the Exchange’s website at http://www.miaxoptions.com/filter/wotitle/rule_filing, at MIAX’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified

in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the pilot period applicable to certain aspects of the PRIME Auction which is currently set to expire on July 18, 2015, until July 18, 2016.

The current pilot allows PRIME Agency Orders of any size to initiate a PRIME Auction on MIAX at a price which is at or better than the national best bid or offer (“NBBO”).³ The Exchange notes that other exchanges provide the same functionality.⁴ The Exchange implemented the pilot in order to benefit customers through the encouragement of the entry of more orders into the PRIME Auction, thus making it more likely that such orders may receive price improvement. The Exchange believes that the pilot attracts order flow and promotes competition and price improvement opportunities for Agency Orders of fewer than 50 contracts. The Exchange believes that extending the pilot period is appropriate because it would allow the Exchange and the Commission additional time to analyze data regarding the pilot that the Exchange has committed to provide.

³ The Exchange notes that prior to the pilot, for PRIME Agency Orders for less than 50 standard option contracts or 500 mini-option contracts, the Initiating Member must stop the entire PRIME Agency Order as principal or with a solicited order at the better of the NBBO price improved by a \$0.01 increment or the PRIME Agency Order's limit price (if the order is a limit order). In addition, to initiate the PRIME Auction for auto-match submissions, the Initiating Member must stop the PRIME Agency Order for less than 50 standard option contracts or 500 mini-option contracts at better of the NBBO price improved by a \$0.01 increment or the PRIME Agency Order's limit price. See Securities Exchange Act Release No. 73590 (November 13, 2014), 79 FR 68919 (November 19, 2014) (SR-MIAX-2014-56). See also Securities Exchange Act Release Nos. 72009 (April 23, 2014), 79 FR 24032 (April 29, 2014) (SR-MIAX-2014-20); 72418 (June 18, 2014), 79 FR 35833 (June 24, 2014) (SR-MIAX-2014-23).

⁴ See PHLX Rule 1080(n).

In the original filing, the Exchange committed to periodically submitting reports based on the comprehensive list of the data that the Exchange represented that it will collect in order to aid the Commission in its evaluation of the PRIME that incorporates the changes proposed.⁵ As of August 1, 2015, the Exchange will submit periodic reports based on the revised list of data detailed in Exhibit 3 of this proposal. Any raw data which is submitted to the Commission pursuant to the pilot will be provided on a confidential basis. In further support of this proposal, the Exchange represents that it will provide certain additional data requested by the Commission regarding trading in the PRIME Auction for the six (6) month period from January 1, 2015 to June 30, 2015. The Exchange agrees to provide this data by January 18, 2016 and to make the summary of the data provided to the Commission publicly available. The Exchange continues to believe that there remains meaningful competition for all size orders and that there is an active and liquid market functioning on the Exchange outside of the PRIME Auction. The Exchange also continues to believe that there are significant opportunities for price improvement available in the PRIME Auction. The Exchange believes the additional data will substantiate the Exchange's belief and provide further evidence in support of permanent approval of the pilot.

2. Statutory Basis

MIAX believes that its proposed rule change is consistent with Section 6(b) of the Act⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act⁷ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable

⁵ See Proposed Rule 515A, Interpretations and Policies .08. A comprehensive list of the data that the Exchange represented that it will collect is available in Exhibit 3 of SR-MIAX-2014-23. See also Securities Exchange Act Release Nos. 72009 (April 23, 2014), 79 FR 24032 (April 29, 2014) (SR-MIAX-2014-20); 72418 (June 18, 2014), 79 FR 35833 (June 24, 2014) (SR-MIAX-2014-23).

principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that extending the pilot is consistent with these principles because the pilot is reasonably designed to create tighter markets and ensure that each order receives the best possible price, which benefits investors by increasing competition thereby maximizing opportunities for price improvement. The proposed extension would allow the pilot to continue uninterrupted, thereby avoiding any potential investor confusion that could result from a temporary interruption in the pilot. Because the pilot is applicable to all PRIME Agency Orders for fewer than 50 contracts, the proposal to extend the pilot merely acts to maintain status quo on the Exchange, which promotes just and equitable principles of trade and removes impediments to, and perfects the mechanism of, a free and open market and a national market system.

The extension of the pilot period will allow the Commission and the Exchange to continue to monitor the pilot to ascertain whether there is meaningful competition for all size orders and whether there is an active and liquid market functioning on the Exchange outside of the PRIME Auction. The extension of the pilot period would also enable market participants to continue to benefit from the significant opportunities for price improvement available in the PRIME Auction.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change simply extends an established pilot program for an additional period and

would allow for further analysis of the pilot. In addition, the proposed extension would allow the pilot to continue uninterrupted, thereby avoiding any potential investor confusion that could result from a temporary interruption in the pilot. Thus, the proposal would also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹

A proposed rule change filed under Rule 19b-4(f)(6)¹⁰ normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹¹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requested that the Commission waive the 30-day operative delay. The Exchange noted that waiver of the 30-day operative delay will allow the

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

Exchange to extend the pilot program before it expires on July 18, 2015. The Exchange believes that the proposal to extend the pilot merely acts to maintain status quo on the Exchange and waiver of the operative delay would allow for the pilot to continue uninterrupted. According to the Exchange, the extension of the pilot period would allow the Commission and the Exchange to continue to assess the effect of the pilot.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the pilot program to continue uninterrupted, thereby avoiding any potential investor confusion that could result from a temporary interruption in the pilot program. Therefore, the Commission designates the proposed rule change to be operative on July 18, 2015.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

Comments may be submitted by any of the following methods:

¹² For purposes only of waiving the operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
