

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-81841; File No. SR-MSRB-2017-07)

October 10, 2017

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to MSRB Rule A-11, on Assessments for Municipal Advisor Professionals, to Amend the Annual Municipal Advisor Professional Fee

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act” or “Exchange Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 29, 2017 the Municipal Securities Rulemaking Board (“MSRB” or “Board”) filed with the Securities and Exchange Commission (“Commission” or “SEC”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the MSRB. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The MSRB filed with the Commission a proposed rule change to amend MSRB Rule A-11, on assessments for municipal advisor professionals, to increase the annual municipal advisor professional fee from \$300 to \$500 and make other technical changes (the “proposed rule change”). The MSRB has designated the proposed rule change for immediate effectiveness. The MSRB will send the first invoice at the new fee level to firms in April 2018 for payment by April 30, 2018.

² 17 CFR 240.19b-4.

The text of the proposed rule change is available on the MSRB's website at www.msrb.org/Rules-and-Interpretations/SEC-Filings/2017-Filings.aspx, at the MSRB's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the MSRB included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The MSRB has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to increase the existing annual municipal advisor professional fee assessment to help defray the costs and expenses of operating and administering the MSRB, particularly the MSRB's regulatory and related activities in connection with municipal advisors. In the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 ("Dodd-Frank Act"),³ Congress charged the Commission and the MSRB with the regulation of municipal advisors and specifically granted the MSRB authority to charge municipal advisors reasonable fees to defray the costs of the operation of the MSRB.⁴ In its exercise of authority granted by Congress, the MSRB has since developed a comprehensive

⁴ See 15 U.S.C. 78o-4(b)(2)(J).

regulatory framework for municipal advisors.⁵ To help defray the costs of this and related activities, in 2014, the MSRB adopted Rule A-11, on assessments for municipal advisor professionals.

Pursuant to Rule A-11, each municipal advisor firm that is registered with the Commission is required to pay to the Board a recurring annual fee equal to \$300 for each Form MA-I filed with the Commission by such municipal advisor as of January 31 of each year. Rule A-11 also provides for late fees on assessments that are not paid in full, and includes a transitional provision that, at the time of Rule A-11's adoption, was necessary to take into account the timing of the phased-in compliance period for the SEC's permanent municipal advisor registration process.

The proposed rule change would amend Rule A-11(a) to provide that each municipal advisor that is registered with the Commission shall pay to the Board a recurring annual fee,

⁵ In furtherance of this framework, the MSRB developed a professional qualification exam, adopted new rules for municipal advisors and extended existing rules to municipal advisors that previously applied only to brokers, dealers and municipal securities dealers (collectively, "dealers.") These include, but are not limited to: Rule G-44 regarding the supervisory and compliance obligations of municipal advisors, see Release No. 34-73415 (October 23, 2014), 79 FR 64423 (October 29, 2014) (File No. SR-MSRB-2014-06) (SEC order approving Rule G-44); Rule G-42 regarding the duties of non-solicitor municipal advisors, see Release No. 34-76753 (December 23, 2015), 80 FR 81614 (December 30, 2015) (File No. SR-MSRB-2015-03) (SEC order approving Rule G-42); amendments to Rule G-20, on gifts, gratuities and non-cash compensation, to extend provisions of the rule to municipal advisors, see Release No. 34-76381 (November 6, 2015), 80 FR 70271 (November 13, 2015) (File No. SR-MSRB-2015-09) (SEC order approving amendments to Rule G-20); amendments to Rule G-37, on political contributions and prohibitions on municipal securities business, to extend its provisions to municipal advisors, see Release No. 34-76763 (December 23, 2015), 80 FR 81710 (December 30, 2015) (File No. SR-MSRB-2015-14) (Notice of filing of proposed amendments to Rule G-37); and amendments to Rule G-3 to establish registration and professional qualification requirements for municipal advisors, see Release No. 34-74384 (February 26, 2015), 80 FR 11706 (March 4, 2015) (File No. SR-MSRB-2014-08) (SEC order approving registration and professional qualification requirements for municipal advisor representatives and municipal advisor principals).

equal to \$500 for each person associated with the municipal advisor who is qualified as a municipal advisor representative in accordance with Rule G-3 and for whom the municipal advisor has on file with the Commission a Form MA-I as of January 31 of each year (“covered persons”).⁶ Amended Rule A-11(a) would increase the amount of the current assessment from \$300 to \$500 and delete a now-outdated reference to the fiscal year for which the annual municipal advisor professional fee first became due. In addition, a minor amendment to section (a) would help streamline the rule by deleting the unnecessary clause “and shall be payable” from the final sentence in that section. Lastly, amendments to Rule A-11(a) would provide that the assessment payable would be determined based on the number of Form MA-Is on file with the Commission (as it is currently determined) and based on the number of associated persons qualified as a municipal advisor representative in accordance with Rule G-3. A person is qualified as a municipal advisor representative in accordance with Rule G-3(d) when such person has taken and passed the Municipal Advisor Representative Qualification Examination (the “Series 50 exam”).⁷

An amendment to Rule A-11(b) would provide that a municipal advisor that fails to timely pay in full “the total” annual municipal advisor professional fee due under section (a)

⁶ While the MSRB has designated the proposed rule change for immediate effectiveness, by its terms, the assessment at the \$500 per covered person rate would be based on covered persons as of January 31 of each year. As noted above, the MSRB will send the first invoice at the new fee level (measured as of January 31, 2018) to firms in April 2018 for payment by April 30, 2018.

⁷ As of September 12, 2017, only an associated person of a municipal advisor firm who has passed the Series 50 exam may engage in municipal advisory activities on behalf of the municipal advisor firm. Additionally, municipal advisor principals must likewise qualify as a municipal advisor representative by passing the Series 50 exam. See MSRB Notice 2017-09, MSRB Reminds Municipal Advisors that the Series 50 Exam Deadline is September 12, 2017 (May 8, 2017). Because all municipal advisor principals must also qualify as a municipal advisor representative, the \$500 assessment would equally apply to municipal advisor principals.

shall pay a monthly late fee equal to \$25 for such failure, while another amendment would delete the reference to the monthly fee being payable “for each \$300 assessment not paid in full.”

Together, these amendments to section (b) are intended to make clear that a separate \$25 monthly late fee would not be due for each covered person for which the \$300 fee was not timely paid. Rather, a municipal advisor firm would be required to pay only one \$25 monthly late fee (regardless of the number of its covered persons for which the per professional fee was not timely paid) if it fails timely to pay in full the total fee due under section (a).⁸ Finally, the proposed rule change would delete Rule A-11(c) because that provision pertains to a transitional municipal advisor professional fee that no longer has application. A related minor technical amendment to Rule A-11(b) would delete a reference to Rule A-11(c).

The MSRB believes that the proposed fee increase reflected in the proposed amendments to Rule A-11(a) is reasonable as well as necessary and appropriate to help defray the costs of operating and administering the MSRB. It is also a step towards achieving the MSRB’s strategic goal of promoting long-term financial stability by assessing fair and equitable fees, and diversifying funding sources. The MSRB believes the proposed rule change will help the organization provide for assessments that are increasingly more fairly and equitably apportioned among all registrants. The MSRB notes that, consistent with the Board’s long-standing prohibition on charging or otherwise passing through to issuers the fees required under Rule A-13,⁹ municipal advisors similarly would be prohibited from charging or otherwise passing through the fees required under Rule A-11 to issuers.

⁸ This late fee would be in addition to a late fee on the total overdue balance based on the Prime Rate.

⁹ See Release No. 34-81264 (July 31, 2017), 82 FR 36472, n. 18 (August 4, 2017) (File No. SR-MSRB-2017-05) (Notice of Filing and Immediate Effectiveness of a Proposed

The Board's Holistic Review of MSRB Fees

The MSRB assesses dealers and municipal advisors (collectively, “regulated entities”) various fees designed to defray the costs of its operations and administration, including rulemaking, market transparency, and educational and market outreach initiatives that fulfill its Congressional mandate to, among other things, protect investors, state and local governments and other municipal entities, obligated persons and the public interest and promote a fair and efficient municipal securities market.¹⁰ Section 15B(b)(2)(J) of the Act¹¹ provides, in pertinent part, that each regulated entity shall pay to the Board such reasonable fees and charges as may be necessary or appropriate to defray the costs of operating and administering the Board, and that the MSRB shall have rules specifying the amount of such fees. The current fees so specified by MSRB rules are:

1. Municipal advisor professional fee (Rule A-11)

\$300 annually per Form MA-I on file with the SEC by the municipal advisor;

2. Late fee (Rules A-11 and A-12)

8. Professional qualification examination fee (Rule A-16)

\$150 test development fee assessed per candidate for each MSRB professional qualification examination.¹³

Initiated in 2015, the Board's holistic review of fees that the Board assesses on regulated entities continues. The Board evaluates those fees with the goal of better aligning revenue sources with operating expenses and all capital needs. The Board strives to diversify funding sources among regulated entities and other entities that fund MSRB activities in a manner that ensures long-term sustainability, while continuing to strike an equitable balance among regulated entities and a fair allocation of the expenses of the regulatory activities, systems development and operational activities undertaken by the MSRB. In determining the fair allocation of the cost of MSRB regulation to regulated entities, the Board considers, among other things: registration to engage in municipal securities or municipal advisory activities; the level of dealer market activity; and the number of associated persons engaged in municipal advisory activities on behalf of a municipal advisor. Recognizing that in any given year there could be more or less activity by a particular class of regulated entities, the Board, as it has historically, seeks to maintain a fee structure that results in a balanced and reasonable contribution over time from all regulated entities to defray costs and expenses of operating and administering the MSRB.

As part of the Board's ongoing review and examination of fees, the Board reviewed the amount of the \$300 per professional fee charged under Rule A-11. This fee was originally established in 2014 as a reasonable initial starting amount to help defray the costs and expenses

of operating and administering the MSRB, particularly the MSRB's regulatory and related activities in connection with municipal advisors.¹⁴

These regulatory activities include the development and implementation of a comprehensive regulatory framework for municipal advisors, including: the extension to municipal advisors of rules that previously only applied to dealers on the subject of fair dealing and specified forms of conflicts of interest;¹⁵ the adoption of new rules for municipal advisors that establish the core standards of conduct for non-solicitor municipal advisors and that establish supervisory and compliance obligations for municipal advisor firms;¹⁶ the creation of new municipal advisor recordkeeping requirements and municipal advisory client education and protection provisions;¹⁷ and the development and implementation of professional standards for municipal advisors to help ensure that all municipal advisors are competent and qualified.¹⁸ As part of the implementation of this latter category of rules, the MSRB also established the Series 50 exam, a baseline test of a municipal advisor's competency and knowledge of applicable rules.

To assist municipal advisors in understanding and complying with this new regulatory framework, the MSRB has undertaken considerable education, outreach and compliance activities. These include, but are not limited to: the creation of educational documents, resources and compliance-oriented notices and communications;¹⁹ the development of educational webinars and the organization of, and participation in, outreach events;²⁰ and the launch of an expanded on-demand education program, MuniEdPro®, which was designed, in part, to serve the education needs of regulated entities.

Looking forward to Fiscal Year 2018, the MSRB expects to continue its many activities relating to municipal advisors, including its significant education, outreach and compliance initiatives. The MSRB will also be developing a new municipal advisor principal-level

See Rule G-2, Standards of Professional Qualification; and Rule G-3, Professional Qualification Requirements available at <http://msrb.org/Rules-and-Interpretations/MSRB-Rules.aspx>.

¹⁹ For example, the MSRB supports regulatory compliance by municipal advisors by providing resources about MSRB requirements, as well as more general educational material. Municipal advisors may access these resources and others, including the Municipal Advisor Review, the MSRB's quarterly newsletter for municipal advisors at <http://www.msrb.org/Regulated-Entities/Resources.aspx>. In addition, the MSRB has published several regulatory notices for municipal advisors to help keep market participants informed of regulatory changes and to provide guidance on the application of existing rules. professional qualification examination—the Series 54—for anticipated availability as a pilot in 2019.²¹

In an August 2015 fee filing associated with the Board’s holistic review of fees,²² the MSRB explained that, at that time, it was not modifying the \$300 municipal advisor per professional fee to provide municipal advisors with additional time for the municipal advisor regulations and business models to more fully develop. However, the MSRB explained that the targeted revenue to be generated from the municipal advisor professional fee of approximately \$2 million at that time, or approximately 5% of total MSRB revenues, was not yet being met and the per professional fee would need to be increased in the future. The proposed rule change is the next step towards moving closer to that revenue target.²³

2. Statutory Basis

The MSRB believes that the proposed rule change is consistent with Section 15B(b)(2)(J) of the Act²⁴ which states that the MSRB’s rules shall:

²¹ Once the Series 54 exam is permanently available, municipal advisor principals will be required to take the Series 54 exam in addition to the Series 50 exam. ²³ The MSRB expects that the municipal advisor professional fee, at the dollar amount set forth in the proposed rule change, would generate approximately 4% of the MSRB’s Fiscal Year 2018 revenue. The MSRB will release and make publicly available its budget for Fiscal Year 2018 in October 2017. See MSRB Monthly Update (September 2017) available at <https://content.govdelivery.com/accounts/VAORGMSRB/bulletins/1b497b6>.

provide that each municipal securities broker, municipal securities dealer, and municipal advisor shall pay to the Board such reasonable fees and charges as may be necessary or appropriate to defray the costs and expenses of operating and administering the Board. Such rules shall specify the amount of such fees and charges, which may include charges for failure to submit to the Board, or to any information system operated by the Board, within the prescribed timeframes, any items of information or documents required to be submitted under any rule issued by the Board.

The MSRB believes that its rules, as amended by the proposed rule change, provide for reasonable dues, fees, and other charges among regulated entities. The MSRB believes that the proposed rule change is necessary and appropriate to fund the operation and administration of the Board and satisfies the requirements of Section 15B(b)(2)(J).²⁵ The MSRB believes the proposed rule change is necessary because it will help defray the costs of the Board's significant rulemaking, market transparency, educational and market outreach initiatives, market leadership, professional qualifications examination development and other activities relating to municipal advisors. As discussed above, the MSRB has engaged in significant rulemaking to put into place a regulatory framework for municipal advisors and has engaged in considerable activities to assist municipal advisors in understanding their obligations and comply with the applicable rules. In addition, because the MSRB does not have any examination or enforcement authority, the MSRB has enhanced its coordination with the regulatory authorities charged with the authority to examine for compliance with and enforce MSRB rules. The MSRB frequently provides rule interpretations, training related to the market and MSRB rules, and access to municipal market information in support of the municipal advisor examination and enforcement activities of these regulatory authorities. The MSRB expects to continue its many activities relating to municipal advisors, with a focus on education, outreach and compliance. In addition, as noted above, the MSRB will be working to develop the Series 54 professional qualification exam. The proposed

²⁵ Id.

rule change will assist in defraying some of the costs associated with these activities and will help ensure the MSRB is funding these regulatory activities in a financially responsible way.

The MSRB believes the proposed rule change is appropriate because it moves towards a more equitable balance of fees among regulated entities and hence a fairer allocation of the expenses of the regulatory activities, systems development, and operational activities undertaken by the MSRB. However, even with the fee increase in the proposed rule change, the proposed fees would only defray a small portion of the MSRB's overall costs of operating and administering the MSRB – generating approximately 4% of Fiscal Year 2018 revenue.²⁶

MSRB operations are funded primarily by assessments and fees on regulated entities. In fact, 80% of the Fiscal Year 2018 budgeted revenue is based on market activity (that is, municipal securities trading and underwriting volume). Due to the accumulated historical variances between actual and budgeted revenue, the MSRB has excess reserves. This is largely due to the MSRB's appropriately conservative approach to budgeting revenues that are primarily market-based and inherently volatile. While the MSRB's current reserve levels exceed targets, the MSRB budget for Fiscal Year 2018 has a deficit, as do the pro forma budgets for Fiscal Years 2019 through 2020. The MSRB anticipates that in the future, based on assumptions reviewed and agreed upon by the MSRB, excess reserves will be eroded by Fiscal Year 2020 (even with the increased municipal advisor professional fee and new underwriting fee on underwriters of 529 college savings plans). Further, the MSRB's budget for Fiscal Year 2018 anticipates that the MSRB will strategically spend some of its reserves. Finally, the MSRB believes, as a matter of principle, that it is inherently unfair to allow certain regulated entities to pay a disproportionate share of the cost of operating the MSRB. The MSRB therefore regularly

²⁶ See n. 23 and accompanying text.

evaluates fees and adjusts them, as needed, to ensure that all regulated entities that benefit from functioning in a fair, efficient and transparent market pay their fair share.

B. Self-Regulatory Organization’s Statement on Burden on Competition

Section 15B(b)(2)(C) of the Act²⁷ requires that MSRB rules not be designed to impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. In addition, Section 15B(b)(2)(L)(iv) of the Act²⁸ provides that MSRB rules “not impose a regulatory burden on small municipal advisors that is not necessary or appropriate in the public interest and for the protection of investors, municipal entities, and obligated persons, provided that there is robust protection of investors against fraud.”

The Board’s policy on the use of economic analysis in rulemaking²⁹ limits its application regarding those rules for which the Board seeks immediate effectiveness. However, an internal analysis is still conducted to gauge the economic impact, with an emphasis on the burden on competition involving regulated entities. Guided by these aspects of the policy, the Board has

²⁷ 15 U.S.C. 78o-4(b)(2)(C).

²⁸ 15 U.S.C. 78o-4(b)(2)(L)(iv).

²⁹ The scope of the Board’s policy on the use of economic analysis in rulemaking provides that:

[t]his Policy addresses rulemaking activities of the MSRB that culminate, or are expected to culminate, in a filing of a proposed rule change with the SEC under Section 19(b) of the Exchange Act, other than a proposed rule change that the MSRB reasonably believes would qualify for immediate effectiveness under Section 19(b)(3)(A) of the Exchange Act if filed as such or as otherwise provided under the exception process of this Policy.

Policy on the Use of Economic Analysis in MSRB Rulemaking, available at <http://msrb.org/Rules-and-Interpretations/Economic-Analysis-Policy.aspx>. For those rule changes for which the MSRB seeks immediate effectiveness, the MSRB usually focuses its examination exclusively on the burden on competition of regulated entities.

reviewed the proposed rule change. The Board believes the proposed rule change is necessary and appropriate to ensure that MSRB registrants that are municipal advisors equitably contribute to defraying the costs and expenses of operating and administering the MSRB. The MSRB has considered the economic impact of the proposed rule change. The MSRB does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act since it will apply equally to all municipal advisors based on the number of persons qualified as municipal advisor representatives associated with the municipal advisor and the number of Forms MA-I filed by each firm.

The MSRB believes the current fee structure is fair and equitable among municipal advisors of differing size. The existing per firm annual fee (\$1,000) helps cover the fixed costs of regulating any firm, regardless of size; while the existing annual professional fee assessment results in smaller municipal advisors paying less than larger municipal advisors. The proposed fee increase will further expand the current spread paid between large versus small firms. The MSRB notes that other self-regulatory organizations and independent oversight and rulemaking boards, such as the Financial Industry Regulatory Authority (“FINRA”), the Public Company Accounting Oversight Board (“PCAOB”), National Futures Association (“NFA”) and the Financial Accounting Standards Board (“FASB”), all have some annual fee assessment structure that is based on the size of firms under regulation.³⁰

³⁰ For example, FINRA’s annual registration fee and new member application fee assessments for broker-dealers are based on the number of branch offices and the number of registered persons, the PCAOB’s annual fee assessment is based on the number of issuer audit clients and the number of personnel within each public accounting firm, NFA’s annual member dues for swap dealers and Forex dealers are based on the tier size of member firms, and FASB’s accounting support fees are allocated based on the average market capitalization of each issuer.

The MSRB believes that the fee increase will not impose an unnecessary or inappropriate regulatory burden on small municipal advisors. The total amount of the assessment payable by each municipal advisor will be dependent on the number qualified associated persons for whom Forms MA-I are filed by the municipal advisor³¹ and, therefore, will result in lower relative assessments for smaller firms. Being based on the number of persons engaging in municipal advisory activities on behalf of a firm, the total fee will bear a reasonable relationship to the level of regulated municipal advisory activities that are undertaken by each firm.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Board did not solicit comment on the proposed change. Therefore, there are no comments on the proposed rule change received from members, participants or others.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act³² and paragraph (f) of Rule 19b-4 thereunder.³³ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

³¹ The MSRB understands that the Form MA-I on file should be withdrawn for any person who fails to qualify as a municipal advisor representative in accordance with Rule G-3.
