DIVISION OF MARKET REGULATION

My name is Michael B. Buck. I have through attorney James Richard Hooper filed with NASD Dispute Resolution. I am concerned with the results that other investors in my situation have had in arbitrations.

Its impossible for me to understand these ridiculous rewards because the rules allow for the arbitrators to be silent at their own reasoning. I understand that a new rule not yet in effect would solve this issue; and allow honest americans to get a honest answer from these people who rob us of our life savings, while they live in luxury and suffer little or no consequences.

Before Social Security can be made strong our children need these actions to be put into motion, I encourage the SEC to approve the new rule.

ITS a wonder the rich get richer and the hard working people suffer when large companys take all they can and get away with it.
