Re: Woodcom Salomon Smith
Barney Claim

Ms. Maguire
MAR 22 2005

DIVISION OF MARKET REGULATION

I am a Woodcom Investor who lost
my entire investment in Woodcom stock
and am quite certain that my claim
has merit and if properly considered
will be order paid by an arbitrator.

I support and feel that "due process"
and "equal protection" afforded by the
US Constitution requires that arbitrator's
decisions must be explained and the
rationale upon which awards are made
or denied must be provided. Without
such, judicial review is, essentially
denied me, as a claimant if my
claim is denied, in violation of my
civil rights, as provided by the US
Constitution.

Accordingly, I earnestly solicit
the SEC's approval of the New Rule
at the earliest possible date.

Thank you.

H.T. Schulhof.
