Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),\(^1\) and Rule 19b-4 thereunder,\(^2\) notice is hereby given that on June 12, 2008, The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the Exchange. Nasdaq has filed the proposal pursuant to Section 19(b)(3)(A) of the Act\(^3\) and Rule 19b-4(f)(5) thereunder,\(^4\) which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

Nasdaq proposes to modify the opening of trading on the NASDAQ Options Market (“NOM”) as set forth in Chapter VI, Section 8 of the Nasdaq Rules governing options trading.

The text of the proposed rule change is available at Nasdaq, the Commission’s Public Reference Room, and [http://nasdaq.complinet.com](http://nasdaq.complinet.com).

II. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the

---

purpose of and basis for the proposed rule change and discussed any comments it received on the
proposed rule change. The text of these statements may be examined at the places specified in
Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below,
of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis
   for, the Proposed Rule Change

   1. Purpose

   Nasdaq proposes to modify Chapter VI, Section 8 of the rules governing NOM, and in
   particular governing the opening of trading in that market. Since Nasdaq launched NOM on
   March 31, 2008, Nasdaq has monitored the operation of the market to identify instances where
   market efficiency can be enhanced. On May 13, 2008, Nasdaq filed SR-NASDAQ-2008-045, a
   rule change designed to enhance the opening by delaying the opening until such time as the
   execution of the Opening Cross or, where no Opening Cross will occur, the opening print is in

   Currently, the opening is delayed if the Nasdaq Best Bid and Offer (“Nasdaq BBO”) after
   execution of the opening print would be wider than pre-determined authorized trading thresholds
   as prescribed in the obvious error guidelines set forth in Chapter V, Sec. 6 of the NOM rules.
   This change has reduced the instances of erroneous trades occurring at the beginning of the
   trading day.

   While Nasdaq believes that the opening of the market is quite effective, it also believes
   that it can be further enhanced in instances where there is insufficient trading interest to conduct
   an Opening Cross. Specifically, Nasdaq proposes to allow the opening of trading in those
instances where trading interest at the National Best Bid and Offer ("NBBO"), which includes the non-firm Nasdaq BBO, is within the currently authorized trading thresholds. Except for executions arising from the Opening Cross, executions shall only be permitted if they will not result in a trade-through violation of the NBBO as described in Chapter VI, Sec. 7(b)(3)(C) of the NOM rules. Nasdaq believes that this change will allow it to open more series earlier in the trading day without risk of additional erroneous trades.

Nasdaq believes that analyzing both NBBO and Nasdaq BBO when determining to open trading will enhance the opportunities for market participants to execute trades at the beginning of the trading day and encourage the addition of additional potentially executable trading interest.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6(b) of the Act, in general, and with Section 6(b)(5) of the Act, in particular, in that it is designed to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Nasdaq believes that the proposal is consistent with this standard because the proposed rule change is designed to improve execution quality at the critical opening of the market.

B. Self-Regulatory Organization’s Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, Nasdaq believes that by enhancing NOM’s opening of trading, the proposed rule change will require competing markets to improve their opening processes and thereby enhance

---

competition between the markets.

C.  **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others**

Written comments were neither solicited nor received.

III. **Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the proposed rule change does not: (1) significantly affect the protection of investors or the public interest; (2) impose any significant burden on competition; and (3) have the effect of limiting the access to or availability of an existing order entry or trading system of the Exchange, the foregoing rule change has become effective immediately pursuant to Section 19(b)(3)(A)(iii) of the Act\(^8\) and Rule 19b-4(f)(5) thereunder.\(^9\) At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. **Solicitation of Comments**
