II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

Changes are marked to the rule text that appears in the electronic Nasdaq Manual found at http://nasdaq.complinet.com.
A. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

1. **Purpose**

Nasdaq is adopting a fee and credit schedule for the Nasdaq Crossing Network. The Commission approved the Nasdaq Crossing Network on July 5, 2006. The Nasdaq Crossing Network provides an execution option to market participants trading in Nasdaq and other exchange-listed securities that facilitates the execution of block trades quickly and anonymously, while minimizing market impact and associated price movements. The Nasdaq Crossing Network consists of a series of trading day (“Intraday”) and after hours (“Post-Close”) Reference Price Crosses.

Since Nasdaq launched the Crossing Network, Nasdaq has not charged a fee to members for executing orders through the Intraday or Post-Close Crosses. Under the rule change, although there will continue to be no fee associated with trading through the Crossing Network, member firms will be eligible for a credit of $0.0010 per share for orders executed through the Crossing Network during the month of September. The credit will not be subject to volume or use requirements. Trades that involve the same market participant on both sides of the transaction, however, will not be eligible for the credit.

After the expiration of the promotional pricing on September 30, 2008, order executions through the Crossing Network will continue to be offered to members at no charge.

---

2. **Statutory Basis**

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,\(^7\) in general, and with Section 6(b)(4) of the Act,\(^8\) in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which Nasdaq operates or controls. The promotional pricing for the Crossing Network is an equitable allocation of fees because the credit will apply equally to all members who execute orders through the Crossing Network. Furthermore, the credit is reasonable because it is intended to encourage participation in the Crossing Network, which would provide additional data to Nasdaq to evaluate the need for any future changes to the product or the relevant fee schedule.

B. **Self-Regulatory Organization’s Statement on Burden on Competition**

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

Written comments were neither solicited nor received.

III. **Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act and subparagraph (f)(2) of Rule 19b-4 thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
