II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NASDAQ included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NASDAQ has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ is proposing two changes to the fees associated with the use of the NASDAQ Market Center for the trading of all equities. First, currently, NASDAQ offers a rebate of \$0.00295 for members that add an average daily volume of 125 million shares of liquidity to the NASDAQ Market Center. Effective September 1, 2009, NASDAQ will lower the volume threshold for liquidity provision from 125 million to 95 million shares per day while maintaining all other elements of this pricing tier.

Second, currently a member firm that provides average daily volume of liquidity exceeding 125 million shares per day in the NASDAQ equities market will not be charged for executing Mid-point Pegged orders (as defined in Nasdaq Rule 4751(f)(4)) in the Nasdaq Market Center in securities listed on NASDAQ, NYSE, or on other exchanges. NASDAQ proposes to lower the volume threshold for liquidity provision from 125 million to 95 million shares per day while maintaining all other elements of this pricing tier.

## 2. Statutory Basis

NASDAQ believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,<sup>5</sup> in general, and with Section 6(b)(4) of the Act,<sup>6</sup> in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls. NASDAQ is reducing the level of liquidity provision required to receive a favorable rebate for orders in stocks listed on NASDAQ, AMEX or NYSE, resulting in potential price reductions for members with large volumes of liquidity provided.

The impact of the changes upon the net fees paid by a particular market participant will depend upon a number of variables, including its monthly volume, the order types it uses, and the prices of its quotes and orders (i.e., its propensity to add or remove liquidity and to set the best bid and offer). NASDAQ notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. NASDAQ believes that its fees remain competitive with other venues and are reasonable and equitably allocated to those members on the basis of whether they opt to direct orders to NASDAQ.

### B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act<sup>7</sup> and subparagraph (f)(2) of Rule 19b-4 thereunder.<sup>8</sup> At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
