II. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ is proposing to modify the fees for trading and compliance reports available to member firms via NasdaqTrader.com Trading and Compliance Data Package under NASDAQ Rule 7021 ("Data Package"). [sic] Data Package allows member firms to obtain information regarding their own historical quoting and trading activity on NASDAQ. Data Package also provides member firms with information concerning their compliance with NASDAQ and FINRA rules. In this regard, member firms that subscribe to the Data Package can obtain the following reports: (1) Monthly Compliance Report Cards, which outline firm's own compliance with various FINRA rules; (2) Monthly Summaries, which provide monthly trading volume statistics for the top 50

market participants broken down by industry sector, security or type of trading; and (3) Historical Research Reports, which provide a variety of historical trading data such as a market maker's quote updates, order activity, and detailed trade reporting information. Additionally, subscribers can elect to receive the detailed trade report (Equity Trade Journal) via a secure FTP dissemination option. These reports offered by NASDAQ are based on the subscribing member's historical trade information taken from NASDAQ and the FINRA/NASDAQ Trade Reporting Facility, thus providing firms with a comprehensive compliance picture.

Use of this service is voluntary and member firms have the option of subscribing to whichever level they choose. The Data Package is offered in two levels: the "basic" level, which has a fee of \$130 per month, allows access to a maximum of 25 Historical Research Reports per month; and the "premium" level, which has a fee of \$160 per month, allows access to a maximum of 100 Historical Research Reports per month. These fees have not increased since June 2006³, notwithstanding that NASDAQ subsequently developed and implemented enhancements to the service.⁴

In order to help cover the costs associated with the maintenance of the Data Package service, as well as the cost of implementing enhancements to the service, NASDAQ proposes to increase the "basic" level subscription fee from \$130 to \$175 per month, and increase the "premium" level

³ Securities Exchange Act Release No. 54002 (June 16, 2006), 71 FR 36143 (June 23, 2006) (SR-NASD-2006-072)(increasing each of the fees by \$30 per month); see also Securities Exchange Act Release No. 54260 (August 1, 2006), 71 FR 45084 (August 8, 2006) (SR-NASDAQ-2006-024).

⁴ Since 2006, the Data Package has been updated to include necessary enhancements based on new market structure rules, as well as new fields added to the Equity Trade Journal based on new functionality offered by the FINRA/NASDAQ Trade Reporting Facility. These enhancements, in conjunction with three new compliance reports, have added significant value to the Data Package. In addition, the "front-end" of the service has been redesigned to simplify report requests and increase usability.

subscription fee from \$160 to \$225 per month. NASDAQ anticipates that the proposed fees may provide NASDAQ with a profit, in addition to covering costs discussed above.

2. Statutory Basis

NASDAQ believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and Section 6(b)(4) of the Act,⁶ in particular, because it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system that NASDAQ operates or controls, and it does not unfairly discriminate between customers, issuers, brokers or dealers. NASDAQ believes that the proposed fees are reasonable because NASDAQ has made several enhancements to the service since it last increased fees assessed for the service in June 2006. As a consequence of adding these enhancements, the value of the service has incrementally increased over time and NASDAQ believes that it is appropriate to now raise the fees to better align them with the increased value of the service. In addition, NASDAQ believes that the proposed fees will cover the costs associated with responding to customer requests, configuring NASDAQ's systems, programming to user specifications, and administering the service, among other things, and may provide NASDAQ with a profit. NASDAQ also believes that the fees are equitably allocated, since use of the Data Package service is voluntary and the subscription fees will be imposed on all purchasers equally based on the number of users and the level of service subscribed.

B. Self-Regulatory Organization's Statement on Burden on Competition

⁵ 15 U.S.C. 78f.

⁶ 15 U.S.C. 78f(b)(4).

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁷ and subparagraph (f)(2) of Rule 19b-4 thereunder.⁸ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
