II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.
A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq proposes to modify the fees charged to Nasdaq-listed companies for record-keeping changes and substitution listings. Currently, a company owes a $2,500 record-keeping fee when it makes a change to its name, the par value or title of its security, or its symbol.\(^4\) This fee was adopted in 2003 and has never been changed.\(^5\) Nasdaq proposes to increase this record-keeping fee to $7,500, for notifications made after January 2, 2013.

In addition, a company currently owes a $7,500 substitution listing fee when it affects a reverse stock split, re-incorporation or a change in the company's place of organization, forms a holding company that replaces the listed company, reclassifies or exchanges the company's listed shares for another security, lists a new class of securities in substitution for a previously-listed class of securities, or makes any technical change whereby the shareholders of the original company receive a share-for-share interest in the new company without any change in their equity position or rights.\(^6\) This fee was adopted in 2005 and has never been changed.\(^7\) Nasdaq proposes to increase this substitution listing fee to $15,000, for notifications made after January 2, 2013.

Nasdaq also proposes to correct capitalization in the heading of Rule 5910 to be consistent with the capitalization used in the remainder of the Rule 5000 Series.

\(^4\) See Rule 5910(e) and 5920(d).
\(^6\) See Rules 5910(d) and 5920(c) [sic] and Rule 5005(a)(40).
2. **Statutory Basis**

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,\(^8\) in general and with Sections 6(b)(4) and 6(b)(5) of the Act,\(^9\) in particular in that it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

Nasdaq believes that the proposed fees are reasonable because they will reflect Nasdaq’s higher costs related to processing record keeping changes and substitution listings since the fees were set in 2003 and 2005, respectively. In that regard, Nasdaq notes that expenses surrounding the processing and distribution of these changes, including technology costs and salaries, have increased since the fees were set, but that the fees have not been concomitantly increased. In addition, Nasdaq has developed an electronic notification system for listed companies and expects to launch early in 2013 an interface allowing companies to notify Nasdaq about these changes through an on-line portal.\(^{10}\) This web-based interface will simplify the notification process for the company and help eliminate errors that may otherwise have resulted from re-keying information. While over time, Nasdaq hopes that this technology will reduce the costs associated with maintaining the process, Nasdaq has invested significant up-front development costs in creating the system. Nasdaq has also committed resources to its online reference library,

which includes a number of FAQs providing advice about these changes and the related forms and fees.\textsuperscript{11}

Nasdaq also believes that the proposed changes are equitable and not unfairly discriminatory because they would apply equally to all companies listed on Nasdaq that effect one of these changes. In this manner, the proposed fees will help assure that the expenses arising from changes initiated by certain companies are borne by those companies.

Finally, NASDAQ notes that it operates in a highly competitive market in which market participants can readily switch exchanges if they deem the listing fees excessive.\textsuperscript{12} In such an environment, NASDAQ must continually review its fees to assure that they remain competitive. In that regard, Nasdaq notes that the proposed fees remain similar to the fees charged by the New York Stock Exchange.\textsuperscript{13}

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as

\textsuperscript{11} \url{https://listingcenter.nasdaqomx.com/MaterialHome.aspx?mcd=LQ}.

\textsuperscript{13} NYSE charges $7,500 for “changes that involve modifications to [NYSE] records, for example, changes of name, par value, title of security or designation, and for applications relating to poison pills.” See Section 902.03 of the NYSE Listed Company Manual and Securities Exchange Act Release No. 68024 (October 10, 2012), 77 FR 63388 (October 16, 2012) (SR-NYSE-2012-51). In addition, NYSE charges $15,000 for a new listing where the “change in the company's status is technical in nature and the shareholders of the original company receive or retain a share-for-share interest in the new company without any change in their equity position or rights.” These changes include a change in a company's state of incorporation or a reincorporation or formation of a holding company that replaces a listed company, and a reverse stock split. See Section 902.03 of the NYSE Listed Company Manual.
amended. The market for listing services is extremely competitive and listed companies may freely choose alternative venues. In addition, Nasdaq’s proposed fees are similar to the fees charged by its competitors. For this reason, and the reasons discussed in connection with the statutory basis for the proposed rule change, Nasdaq does not believe that the proposed rule change will result in any burden on competition for listings.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
