(Release No. 34-81406; File No. SR-NASDAQ-2017-081)

August 16, 2017

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing of a Proposed Rule Change to Extend the Implementation Date for Certain Changes to the Rule 5700 Series and Rule 5810

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on August 7, 2017, The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the date on which certain changes concerning the continued listing requirements for exchange-traded products (“ETPs”) in the Nasdaq Rule 5700 Series, as well as a related amendment to Nasdaq Rule 5810 (Notification of Deficiency by the Listing Qualifications Department), are implemented.

The Exchange proposes to delay the implementation date of these changes until July 1, 2018. Given the scope of the proposed rule changes, the Exchange believes that this will ensure that ETP issuers have adequate time to develop and put into operation the new processes and systems necessitated by them.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On September 30, 2016, the Exchange filed a proposed rule change, as subsequently amended by Amendments No. 1 and 2 thereto, and as supplemented by two clean-up filings<sup>3</sup> (as amended and supplemented, collectively, the "Proposed Rule Change"), to adopt certain changes to the Nasdaq Rule 5700 Series, as well as a related amendment to Nasdaq Rule 5810 (Notification of Deficiency by the Listing Qualifications Department), to add additional continued listing standards for ETPs, as well as clarify the procedures that the Exchange will undertake when an ETP is noncompliant with applicable rules.

On May 3, 2017, the Exchange filed to extend the implementation date from August 1, 2017 until October 1, 2017.<sup>4</sup> The Exchange now proposes to extend the implementation date of the amendments specified in the Proposed Rule Change to July 1, 2018.

<sup>4</sup> See Securities Exchange Act Release No. 80708 (May 17, 2017), 82 FR 23690 (May 23, 2017) (SR-NASDAQ-2017-040).

Since the Proposed Rule Change was approved, the Exchange has engaged in extensive conversations with issuers of listed ETPs, industry advocacy groups and index providers to discuss the new rule requirements and offer guidance on rule interpretation and application.<sup>5</sup> As a result of these conversations, ETP issuers have expressed concern about their ability to have in place systems and procedures to ensure compliance by the current October 1, 2017 implementation date. In particular, listed ETP issuers, and industry advocacy groups on their behalf, have explained that issuers will require time to design and test new compliance systems as well as engage in discussions with third-party providers to source and track new data elements required for rule compliance.<sup>6</sup>

The Exchange believes it is appropriate to extend the implementation date of the Proposed Rule Change to July 1, 2018 to provide listed ETP issuers with the time needed to develop and test their compliance procedures. In support of its proposal, the Exchange notes that the Proposed Rule Change imposes significant new compliance requirements on issuers that they have not been subject to previously. To meet these new compliance requirements, issuers must develop internal systems as well as coordinate with third-party service providers, such as index providers, to develop procedures by which they can obtain essential data. Listed issuers have informed the Exchange that they are unable to complete this extensive project by the pending October 1, 2017 implementation date. The Exchange believes that it is critical for listed ETP issuers to have the appropriate procedures and systems in place to monitor and evidence ETP

---

<sup>5</sup> In addition to submitting the index components to the Exchange on a quarterly basis, the Exchange believes that it would be appropriate for issuers to review the index components for compliance with the continued listing requirements in connection with index rebalances, reconstitutions, or other material changes to the index components.

<sup>6</sup> See, for example, Letter, dated July 11, 2017, from Dorothy Donohue, Acting General Counsel, Investment Company Institute to Brent J. Fields, Secretary, Securities and Exchange Commission, available at <https://www.sec.gov/comments/sr-nasdaq-2016-135/nasdaq2016135-1846208-155175.pdf>.

compliance with the new continued listing rules before such rules are implemented. Therefore, the Exchange proposes to extend the implementation date for the Proposed Rule Change until July 1, 2018.

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,<sup>7</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>8</sup> in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is consistent with the protection of investors because it will enable listed issuers to have the systems and procedures needed to monitor and evidence compliance with the Proposed Rule Change prior to such rule being implemented. Providing listed issuers with additional time to ensure that they have adequate compliance systems in place furthers the protection of investors and the public interest because it will enhance investor confidence that listed issuers are complying with Exchange rules.

For these reasons, Nasdaq believes the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act, as amended.

<sup>8</sup> 15 U.S.C. 78f(b)(5).

The Exchange believes that the proposed rule change will facilitate listed issuer ability to monitor and evidence compliance with approved continued listing rules by providing issuers with additional time to develop and test their internal systems and procedures prior to the implementation date.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange received a copy of a letter from the Investment Company Institute, on behalf of listed ETP issuers, to the SEC.<sup>9</sup> As described in Item 3 [sic], above, the Investment Company Institute detailed challenges that listed ETP issuers are facing in developing compliance systems to address the amendments contained in the Proposed Rule Change and have requested that the implementation date for such amendments be extended to July 1, 2018.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) by order approve or disapprove such proposed rule change; or
- (B) institute proceedings to determine whether the proposed rule change should be

disapproved.
