4703. Order Attributes
As described in Rule 4702, the following Order Attributes may be assigned to those Order Types for which they are available.

(a) Time-in-Force

The “Time-in-Force” assigned to an Order means the period of time that the Nasdaq Market Center will hold the Order for potential execution. Participants specify an Order’s Time-in-Force by designating a time at which the Order will become active and a time at which the Order will cease to be active. The available times for activating Orders are:

• The time of the Order’s receipt by the Nasdaq Market Center;

• the Nasdaq Opening Cross (or 9:30 a.m. ET in the case of a security for which no Nasdaq Opening Cross occurs);

• Market Hours, beginning after the completion of the Nasdaq Opening Cross (or at 9:30 a.m. ET in the case of a security for which no Nasdaq Opening Cross occurs);

• the Nasdaq Closing Cross (or the end of Market Hours in the case of a security for which no Nasdaq Closing Cross occurs);

• [8:00 a.m. ET] upon entry or at a specific time identified by the Participant, in the case of an Order using the SCAN or RTFY routing strategy that is entered prior to 8:00 a.m. ET;

• the beginning of the Display-Only Period, in the case of a security that is the subject of a trading halt and for which trading will resume pursuant to a halt cross; and

• the resumption of trading, in the case of a security that is the subject of a trading halt and for which trading resumes without a halt cross.

The available times for deactivating Orders are:

• “Immediate” (i.e., immediately after determining whether the Order is marketable);

• the end of Market Hours;
• the end of System Hours;

• one year after entry; or

• a specific time identified by the Participant; provided, however, that an Order specifying an expire time beyond the current trading day will be cancelled at the end of the current trading day.

Notwithstanding the Time-in-Force originally designated for an Order, a Participant may always cancel an Order after it is entered.

The following Times-in-Force are referenced elsewhere in Nasdaq’s Rules by the designations noted below:

(1) – (6) No change.

(7) A Participant entering an Order using the SCAN or RTFY routing strategy [prior to 8:00 a.m. ET] may designate the Order to activate upon entry, or at any time during System Hours on the same day [8:00 a.m. ET].

(b) – (m) No change.
