SECURITIES AND EXCHANGE COMMISSION  
(Release No. 34-84622; File No. SR-NASDAQ-2018-089)  

November 19, 2018  

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Correct a Typographical Error in Rule 4702(b)(7)(A)  

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),\(^1\) and Rule 19b-4 thereunder,\(^2\) notice is hereby given that on November 8, 2018, The Nasdaq Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.  

I. **Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change**  

The Exchange proposes to correct a typographical error in Rule 4702(b)(7)(A). The text of the proposed rule change is available on the Exchange’s Website at [http://nasdaq.cchwallstreet.com](http://nasdaq.cchwallstreet.com), at the principal office of the Exchange, and at the Commission’s Public Reference Room.  

II. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**  

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.  

---  
A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to correct a typographical error in Rule 4702(b)(7)(A). That provision describes the “Market Maker Peg Order” order type, including by providing examples of how the order type operates in practice. One of these examples, which contains the typographical error in question, illustrates the principle that once a Market Maker Peg Order has posted to the Nasdaq Book, it will be repriced if needed as the Reference Price changes. In particular, the principle states that when, as a result of a change to the Reference Price, the difference between the displayed price of a Market Maker Peg Order and the Reference Price

---

3 Rule 4702(b)(7) defines a Market Maker Peg Order as follows:

A “Market Maker Peg Order” is an Order Type designed to allow a Market Maker to maintain a continuous two-sided quotation at a displayed price that is compliant with the quotation requirements for Market Makers set forth in Rule 4613(a)(2). The displayed price of the Market Maker Peg Order is set with reference to a "Reference Price" in order to keep the displayed price of the Market Maker Peg Order within a bounded price range. A Market Maker Peg Order may be entered through RASH, FIX or QIX only. A Market Maker Peg Order must be entered with a limit price beyond which the Order may not be priced. The Reference Price for a Market Maker Peg Order to buy (sell) is the then-current National Best Bid (National Best Offer) (including Nasdaq), or if no such National Best Bid or National Best Offer, the most recent reported last-sale eligible trade from the responsible single plan processor for that day, or if none, the previous closing price of the security as adjusted to reflect any corporate actions (e.g., dividends or stock splits) in the security.

4 See id. Rule 4613 states that the “Designated Percentage” shall be as follows: “8% for securities subject to Rule 4120(a)(11)(A), 28% for securities subject to Rule 4120(a)(11)(B), and 30% for securities subject to Rule 4120(a)(11)(C), except that between 9:30 a.m. and 9:45 a.m. and between 3:35 p.m. and the close of trading, when Rule 4120(a)(11) is not in effect, the Designated Percentage shall be 20% for securities subject to Rule 4120(a)(11)(A), 28% for securities subject to Rule 4120(a)(11)(B), and 30% for securities subject to Rule 4120(a)(11)(C). The Designated Percentage for rights and warrants shall be 30%.”
reaches the Defined Limit, then a Market Maker Peg Order to buy (sell) will be repriced to the Designated Percentage away from the Reference Price. The stated example of this principle in Rule 4702(b)(7)(A) presently states as follows:

In the foregoing example, if the Defined Limit is 9.5% and the National Best Bid increased to $10.17, such that the displayed price of the Market Maker Peg Order would be more than 9.5% away, the Order will be repriced to $9.35, or 8% away from the National Best Bid. Note that prices will be rounded in a manner to ensure that they are calculated and displayed at a level that is consistent with the Designated Percentage and the permissible minimum increment of $0.01 or $0.0001, as applicable. If the limit price of the Order is outside the Defined Limit, the Order will be sent back to the Participant.

The error in this example is that “$9.35” should be “$9.36.” The Exchange proposes to correct that inadvertent error in this proposal. The correction is necessary to ensure that the price in the example ($9.3564) is rounded up to the applicable minimum increment of $0.01 and remains consistent with the Designated Percentage.

2. **Statutory Basis**

The Exchange believes that its proposal is consistent with Section 6(b) of the Act, in

5 The “Defined Limit” is defined in Rule 4613 as “9.5% for securities subject to Rule 4120(a)(11)(A), 29.5% for securities subject to Rule 4120(a)(11)(B), and 31.5% for securities subject to Rule 4120(a)(11)(C), except that between 9:30 a.m. and 9:45 a.m. and between 3:35 p.m. and the close of trading, when Rule 4120(a)(11) is not in effect, the Defined Limit shall be 21.5% for securities subject to Rule 4120(a)(11)(A), 29.5% for securities subject to Rule 4120(a)(11)(B), and 31.5% for securities subject to Rule 4120(a)(11)(C).”

6 Rule 4702(b)(7) states that “[u]pon entry, the displayed price of a Market Maker Peg Order to buy (sell) is automatically set by the System at the Designated Percentage (as defined in Rule 4613) away from the Reference Price in order to comply with the quotation requirements for Market Makers set forth in Rule 4613(a)(2).”

general, and furthers the objectives of Section 6(b)(5) of the Act, in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The proposal would correct a typographical error that otherwise renders inaccurate an example of the application of Rule 4702(b)(7)(A). The Exchange believes that it is consistent with the interest of the public, investors, and the market for the Exchange to take steps to ensure that its Rulebook is accurate.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is non-substantive and it will have no impact on competition because it simply corrects a typographical error in the Rule text to render the text more accurate.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.

---

10 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule
A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act\textsuperscript{11} normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)\textsuperscript{12} permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the Exchange can immediately correct the typographical error in Rule 4702(b)(7)(A) and avoid any potential confusion as to the operation of the Market Maker Peg Order. For this reason, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal as operative upon filing.\textsuperscript{13}

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

\footnotesize{change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.}

\textsuperscript{11} 17 CFR 240.19b-4(f)(6).
\textsuperscript{13} For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule’s impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).}
