

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-57903; File No. SR-NYSE-2008-43)

June 2, 2008

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Exclude from its Earnings Standard Gains or Losses from Extinguishment of Debt Prior to Maturity on a Three Month Pilot Basis

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 20, 2008, the New York Stock Exchange LLC (“NYSE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Exchange has designated the proposed rule change as “non-controversial” under Section 19(b)(3)(A)(iii)³ of the Act and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The NYSE proposes to amend the earnings standard of Section 102.01C(I) of the Exchange’s Listed Company Manual (“Manual”). The amendment will enable the Exchange to adjust the earnings of companies for purposes of its pre-tax earnings standard by excluding gains or losses recognized in connection with the extinguishment of debt prior to its maturity. The proposed amendment was originally filed with the Commission as a pilot program (“Pilot

Program”)⁵ which has since expired and this filing seeks to renew the Pilot Program for an additional three months. The text of the proposed rule changes is available on the Exchange’s Web site (<http://www.nyse.com>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the earnings standard of Section 102.01C(I) of the Manual. The amendment will enable the Exchange to adjust the earnings of companies for purposes of its pre-tax earnings standard by excluding gains or losses recognized in connection with the extinguishment of debt prior to its maturity. The adjustment will relate only to gains or losses incurred in the three-year period under examination for purposes of the earnings standard. The proposed amendment was originally filed with the Commission for a six-month period as a Pilot Program.⁶ The Pilot Program has expired and this filing seeks to renew the Pilot Program for an additional three months.

⁶ Id.

Prior to the promulgation of Statement of Financial Accounting Standards No. 145 (“SFAS No. 145”) in 2002, Financial Accounting Standards Board Statement No. 4 (“FASB No. 4”) required that gains and losses from the extinguishment of debt prior to its maturity that were included in the determination of net income be aggregated and, if material, classified as an extraordinary item, net of related income tax effect. SFAS No. 145 rescinded FASB No. 4 and, as a result, gains or losses in connection with the extinguishment of debt prior to its maturity are now generally included in the calculation of operating earnings under generally accepted accounting principles (“GAAP”). As a result, some companies that would not otherwise be qualified to list may qualify as a result of the inclusion in pre-tax income of gains from the extinguishment of debt prior to its maturity. In addition, some prospective listed companies whose operating earnings would have met the requirements of the Exchange’s pre-tax earnings test prior to 2002 are now not qualified to list as they are required to include losses from the extinguishment of debt prior to its maturity in pre-tax income. In the Exchange’s experience, these gains and losses are primarily non-cash in nature. The gains generally represent the accelerated accrual of original issue discount, while the losses generally represent the remaining unamortized portion of costs incurred at the time of initial borrowing.

The Exchange believes that it is appropriate to return to its pre-2002 approach of excluding gains and losses from debt extinguishment from pre-tax earnings as calculated for purposes of its earnings standard. The purpose of the earnings standard is to determine the suitability for listing of companies on a forward-looking basis in light of a sustained demonstration of strong earnings. As such, the Exchange does not believe that it is relevant to include in pre-tax earnings gains and losses from the extinguishment of debt prior to its maturity that are principally nonrecurring in nature. Additionally, the Exchange notes that the analyst

community also routinely exclude these gains and losses from their analyses in making recommendations as to the desirability of investing in companies' publicly-traded equity securities. The Exchange believes that adjusting company earnings for gains and losses from the extinguishment of debt prior to its maturity is consistent with the adjustments that are currently permitted under Section 102.01C for a number of other nonrecurring charges to earnings that are included in net income as recorded under GAAP, such as the exclusion of impairment charges on long-lived assets, the exclusion of gains and losses on sales of a subsidiary's or investee's stock and the exclusion of in-process purchased research and development charges. The Exchange also believes that this adjustment is reasonable given the purpose of the earnings standard, which is to determine the suitability for listing of companies on a forward-looking basis.

As with all companies listed on the Exchange, the Financial Compliance staff of NYSE Regulation will monitor on an ongoing basis the compliance with the Exchange's continued listing standards of any companies listed in reliance upon the proposed amendment. Such companies will be subject to delisting if they are found at any time to be below the Exchange's continued listing standards.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸ in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect

⁷ 15 U.S.C. 78f(b).

investors and the public interest. The Exchange believes that the proposed amendment is consistent with the investor protection objectives of the Act in that it provides for an adjustment to list applicants' historical financial results that is consistent with other adjustments already permitted under the Exchange's earnings standard and is reasonable given the purpose of the earnings standard, which is to determine the suitability for listing of companies on a forward-looking basis.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰

A proposed rule change filed under 19b-4(f)(6) normally may not become operative prior to 30 days after the date of filing.¹¹ However, Rule 19b-4(f)(6)(iii)¹² permits the Commission to

designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day pre-operative delay and designate the proposed rule change to become operative upon filing.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because the proposed rule change is consistent with other adjustments the Exchange makes when evaluating applicants on a forward-looking, post-IPO basis under the existing earnings standard in Section 102.01C(I) of the Listed Company Manual, and the proposal will take effect as a Pilot Program, allowing the Commission to evaluate the suitability of the proposal during the pilot period. The Commission designates the proposal to become effective and operative upon filing.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in the furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
