concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The New York Stock Exchange LLC ("Exchange" or "NYSE") proposes to extend the moratorium related to the qualification and registration of Registered Competitive Market Makers ("RCMMs") pursuant to NYSE Rule 107A and Competitive Traders ("CTs") pursuant to NYSE Rule 110 to the earlier of the approval of SR-NYSE-2009-08 or July 24, 2009.

On September 22, 2005, the Exchange filed SR-NYSE-2005-63 with the Securities and Exchange Commission ("Commission") proposing to implement a moratorium on the qualification and registration of new RCMMS and CTs ("Moratorium"). The Moratorium
allowed the Exchange to review the viability of RCMMs and CTs in the Exchange’s evolving more electronic market.

During the Moratorium, the Exchange reviewed the quarterly volume data of RCMM and CT trading data to determine the average trading volume of RCMMs.

As a result of its review, the Exchange concluded that RCMMs and CTs no longer serve as viable supplemental market makers. Accordingly, the Exchange determined that RCMMs and CTs should no longer be viable classes of traders on the Exchange. On April 10, 2009, the Exchange filed a separate proposed rule change, SR-NYSE-2009-08 (“2009-08”) with the Commission to eliminate RCMMs and CTs as viable classes of NYSE traders.7

The Exchange proposes to extend the Moratorium as amended8 to the earlier of the approval of proposed rule change 2009-08 or July 24, 2009 to allow 2009-08 to complete the rule filing process pursuant to Rule 19b-4.9

The Exchange will issue an Information Memo announcing the extension of the Moratorium.

2. Statutory Basis

The basis under the Securities Exchange Act of 1934 (the “Act”) for this proposed rule change is the requirement under Section 6(b)(5) that an exchange have rules that are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that the instant filing is consistent with

---

these principles. Based on its review of data associated with RCMM and CT trading, the Exchange has concluded that RCMMs and CTs no longer serve as viable supplemental market makers. In this instant filing, the Exchange seeks an extension of the Moratorium to complete the 19b-4 rule filing process following its proposed rule filing to eliminate RCMMs and CTs as viable classes of NYSE traders.

B. **Self-Regulatory Organization's Statement on Burden on Competition**

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. **Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

No written comments were solicited or received with respect to the proposed rule change.

III. **Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder because the foregoing proposed rule: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative for 30 days after the date of filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.12

---

12 In addition, Rule 19b-4(f)(6)(iii) requires the self-regulatory organization to give the Commission notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. NYSE has satisfied this requirement.
A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The NYSE has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it would allow the Moratorium to continue without interruption while awaiting the completion of the rule filing process with respect to SR-NYSE-2009-08. Therefore, the Commission designates that the proposed rule change become operative immediately.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
