II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, Proposed Rule Change

1. Purpose

The Exchange proposes to extend the bond trading license and the Bond Liquidity Provider (“BLP”) pilot program, which is currently scheduled to expire on January 19, 2013, until the earlier of the Commission’s approval to make such pilot permanent or January 19, 2014.

On January 19, 2011, NYSE established a twelve-month pilot program to (1) adopt new Rule 87 to create a bond trading license for member organizations that desire to trade only debt securities on the NYSE, and (2) adopt new Rule 88 to establish BLPs, a new class of debt market participants.³ The purpose of pilot program is to encourage market participants to bring additional liquidity to the Exchange’s bond marketplace by providing incentives for quoting and adding liquidity to the market and to offer investors an alternative to over-the-counter trading for debt securities. Under Rule 87, a member organization that chooses to trade only bonds, or a

See also Securities Exchange Act Release No. 63444 (Dec. 6, 2010), 75 FR 77024 (Dec. 10, 2011) (SR-NYSE-2010-74). The pilot program was extended and is currently schedule to expire on January 19, 2013. See Securities Exchange Act Release No. 65995 (December 16, 2011), 76 FR 79726 (December 22, 2011) (SR-NYSE-2011-63).

new member organization that desires to trade only bonds, may apply for a bond trading license, which is available to any approved NYSE member organization. Under Rule 88, the Exchange provides incentives for quoting and adding liquidity to the bond market in the form of rebates to BLPs that provide liquidity to the Exchange's bond market. The Exchange believes that the rebates encourage the additional utilization of, and interaction with, the NYSE; improve price discovery and liquidity; and encourage competitive quotes and price improvement opportunities. These incentives encourage BLPs to make more liquid and competitive markets. In return, BLPs must meet certain qualification and quoting obligations under the Rule.

Through this filing, the Exchange seeks to extend the current operation of the pilot program until January 19, 2014. The Exchange believes that the program has added meaningful liquidity to the marketplace and improved both NYSE and overall market quality. The Exchange will continue to monitor the efficacy of the program during the proposed extended pilot period.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the "Act"),⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes the proposed rule change is consistent with these principles in that it seeks to extend a pilot rule that expands the number of member organizations that can trade debt securities on the NYSE and creates incentives for

BLPs to provide additional liquidity to the bond market, thereby promoting competition and a free and open market. The Exchange believes that investors benefit from increased transparency, competition, and liquidity in its bond marketplace.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6) thereunder.⁷

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

⁶ 15 U.S.C. 78s(b)(3)(A).

⁷ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.
