(Release No. 34-77930; File No. SR-NYSE-2016-38)

May 26, 2016

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend Rule 130

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that on May 16, 2016, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 130 to specify that, unless otherwise required by rule, all transactions effected on the Exchange would be processed anonymously. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 130 to specify that, except as otherwise required by the Exchange’s rules,⁴ all transactions effected on the Exchange and all reports associated with such transaction would be processed anonymously and would not reveal contra-party identities.

Rule 130 currently provides that “[n]otwithstanding any other rule to the contrary, each transaction effected on the Exchange shall be compared or otherwise closed out by the close of business on the Exchange on the business day following the day of the contract.” The Exchange proposes to replace “notwithstanding any other rule to the contrary” with “unless otherwise specified by rule” and add a clause to Rule 130

⁴ For example, face-to-face transactions on the Trading Floor, including Crowd trades executed verbally between two Floor brokers and between a Floor broker and a Designated Market Maker (“DMM”), would continue to require submission of certain contra side information, as required by Rules 123, 132, and 134. Exchange systems and the executing brokers would continue not to have access to any information about the ultimate customer (i.e., the name of the member or member organization’s customer) in an order or transaction.

providing that all transactions effected on the Exchange would be processed anonymously and that transaction reports will indicate the details of the transaction, but will not reveal contra party identities.

Additionally, the Exchange proposes to add new subsection (b) to Rule 130 that provides that the Exchange would reveal contra-party identities in the following circumstances: (1) for regulatory purposes or to comply with an order of a court or arbitrator; (2) when a Qualified Clearing Agency ceases to act for a member organization or the member organization's clearing firm, and determines not to guarantee the settlement of the member organization's trades; or (3) if both parties to the transaction consent.⁵ The proposed changes are intended to clarify and reflect the Exchange's current practice as it relates to electronic transactions and align with the rules of other national securities exchange that preserve anonymity through the settlement process.⁶

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the "Act"), in general, and furthers the objectives of Section 6(b)(5),⁷ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to, and perfect the mechanism of, a free and open market and a national

⁵ The Exchange proposes non-substantive, technical amendments to re-number the remaining paragraphs of Rule 130 accordingly.

market system and, in general, to protect investors and the public interest. The Exchange believes that the proposed rule change removes impediments to and perfects the mechanism of a free and open market by furthering the important goal of post-trade anonymity. Similarly, the proposal promotes just and equitable principles of trade and removes impediments to and perfects the mechanism of a free and open market by providing transparency to the Exchange's existing process to process trades anonymously, which is consistent with that of other national securities exchanges.⁸ The Exchange believes that post-trade anonymity benefits investors because preserving anonymity through settlement limits the potential market impact that disclosing contra-party identities could have, which might include the ability to detect trading patterns and make assumptions about the potential direction of the market based on the identified contra party's presumed client-base. The Exchange further believes it is appropriate to carve out Floor-based face-to-face trades from the anonymity requirement because such trades are, by definition, not anonymous.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change is not designed to address any competitive issue but rather intended to align the Exchange's practice with the rules of other national stock exchanges.

⁸ See note 6, supra.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.¹¹

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section

⁹ 15 U.S.C. 78s(b)(3)(A)(iii).

¹⁰ 17 CFR 240.19b-4(f)(6).

¹¹ In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

19(b)(2)(B)¹² of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
