(Release No. 34-59348; File No. SR-NYSEALTR-2009-08)

February 3, 2009

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NYSE Alternext US, LLC Amending Rule 916 to Eliminate the \$3 Market Price Per Share Requirement

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on February 2, 2009, NYSE Alternext US, LLC (“NYSE Amex” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. NYSE Amex has designated the proposed rule change as constituting a non-controversial rule change under Rule 19b-4(f)(6) under the Act,<sup>3</sup> which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 916, Withdrawal of Approval of Underlying Securities, to eliminate the \$3 market price per share requirement from the Exchange’s requirements for continued approval for an underlying security and eliminate the prohibition against listing additional series of options on an underlying security at any time when the price per share of such underlying security is less than \$3. Changes to the rule text are shown in the

attached Exhibit 5. Changes to the rule text are shown in the attached Exhibit 5.<sup>4</sup> A copy of this filing is available on the Exchange's Web site at [www.nyse.com](http://www.nyse.com), at the Exchange's principal office and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to eliminate the \$3 market price per share requirement from the Exchange's requirements for continued approval for an underlying security from Rule 916. In addition, the rule filing would further amend Rule 916 by eliminating the prohibition against listing additional series of options on an underlying security at any time when the price per share of such underlying security is less than \$3.

The Exchange believes that the \$3 market price per share requirement is no longer necessary or appropriate, and states that only those underlying securities meeting the remaining maintenance listing criteria set forth in Rule 5.4 will be eligible for continued listing and the listing of additional option series. The Exchange believes that the current \$3 market price per

share requirement could have a negative effect on investors. For example, in the current volatile market environment, the Exchange is currently unable to list new series on underlying securities trading below \$3. If there is market demand for series while the underlying is below \$3, the Exchange would be unable to accommodate such requests and investors would be unable to hedge their positions with new options series.

As of January 2, 2009, the Exchange had 161 underlying issues that closed below \$3 per share, and an additional 114 that closed between \$3 and \$5 per share, out of a total of 1646 underlying classes.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with and furthers the objectives of Section 6(b)(5) of the Act, in that it is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest, as it provides for the continued listing of options overlying securities that meet all requirements except for share price. By continuing the listing, investors will be able to continue managing risk in these securities.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>5</sup> and Rule 19b-4(f)(6) thereunder.<sup>6</sup>

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act<sup>7</sup> normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)<sup>8</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. NYSE Amex requests that the Commission waive the 30-day operative delay. The Commission notes that this proposed rule change is substantially identical to a proposed rule change that was approved by the Commission after an opportunity for public comment,<sup>9</sup> and does not raise any new substantive issues. The Exchange requests the waiver of the 30-day operative delay so that the proposed rule change may become effective and operative

<sup>6</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. NYSE Amex has satisfied this requirement.

<sup>9</sup> NYSE Amex's proposed rule change is substantially identical to a proposed rule change by the Chicago Board Options Exchange ("CBOE") recently approved by the Commission. See Securities Exchange Act Release No. 59336 (February 2, 2009) (SR-CBOE-2008-127).

on or near the date that the CBOE proposal is operative. For these reasons, the Commission believes that waiving the 30-day operative delay<sup>10</sup> is consistent with the protection of investors and the public interest and designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
