Rule 123C - NYSE Amex Equities. Market On The Close Policy And Expiration Procedures

(9) Extreme Order Imbalances at or Near the Close

The provisions of section (9)(a)(1) of this Rule shall be in effect during a Pilot set to end on [June] December 1, 2010.

- (a) To avoid closing price dislocation that may result from an order entered into Exchange systems or represented to a DMM orally at or near the close, the Exchange may temporarily suspend the following:
