Proposed Rule Change by NYSE Arca, Inc. Amending Rules 5.17 and 6.8

Pursuant to Section 19(b)(1)<sup>1</sup> of the Securities Exchange Act of 1934 (the “Act”)<sup>2</sup> and Rule 19b-4 thereunder,<sup>3</sup> notice is hereby given that, on November 5, 2009, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

In its filing with the Commission, the self-regulatory organization included

statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend NYSE Arca Rules 5.17 and 6.8 to enable OTP Holders and OTP Firms to rely on position limit exemptions granted by other options exchanges under specified circumstances. This proposed rule change is based on Chapter III, Section 8 and Chapter XIV Section 8, of Options Rules of the NASDAQ Stock Market, LLC ("NOM").

NYSE Arca rules governing position limit exemptions for stock index options are generally found in Rule 5.17. NYSE Arca rules governing position limit exemptions for non-index options are generally located in Rule 6.8, Commentary .07-.09. These rules include a number of position limit exemptions available to OTP Holders and OTP Firms. Rules 5.17 and 6.8, however, do not have a provision that recognizes position limit exemptions that are granted to OTP Holders and OTP Firms by other option exchanges, as provided for in NOM Rules in Chapter III, Section 8 for non-index options and Chapter XIV, Section 8 for index options. In light of the desirability to have similar position limit standards, the Exchange proposes to add a similar an [sic] exemption to both Rule 5.17 and Rule 6.8.

Specifically, the Exchange proposes to add new Rule 5.17(c) and new Rule 6.8 Commentary .07(iv) to address position limit exemptions granted by other options exchanges. This proposed rule [sic] will provide that an OTP Holder or OTP Firm may rely upon any valid exemption from applicable position limits that has been granted by another options exchange for any options contract traded on NYSE Arca, provided that such OTP Holder or OTP Firm provides the Exchange either with a copy of any written exemption issued by another options exchange or with a written description of any exemption issued by another options exchange that is not in writing, where such description contains sufficient detail for Exchange [sic] to verify the validity of that exemption with the issuing options exchange. In addition, such OTP Holder or OTP Firm must fulfill all conditions precedent for such exemption and comply at all times with the requirements of such exemption with respect to trading on the Exchange.

The Exchange notes that position limits tend to be similar across options exchanges, which is desirable in light of cross option exchange membership(s) and multiple listing and trading of similar product(s) on different exchanges. Because OTP Holders and OTP Firms frequently have membership and/or trading privileges on other options exchanges, it is important that ad hoc position limit exemptions granted by other options exchanges (“exemption grants”) are available to OTP Holders and OTP Firms to the extent that such exemption grants are reduced to writing and verifiable by the Exchange.

These new proposed rules do not give the Exchange the ability to alter the scope of these exemptions but only to recognize the exemption so that the position limit process would be the same across the exchanges.

For example, an OTP Firm may go to another options exchange of which it is a member, such as the International Securities Exchange (“ISE”), or NOM to request a position limit exemption (exemption grant) for option contracts in the SPDRs (SPY). The other exchange provides the exemption grant until expiration in the same month to this particular firm for this particular issue (SPY). Should the same OTP Firm want to trade SPY on the NYSE Arca to the extent of the exemption grant, the Exchange's proposed rule change would allow it to do so, but only to the extent that the firm provides the Exchange with a copy of the written exemption grant provided by the issuing exchange or, if the exemption is not in writing, to the extent that said OTP Firm provides the Exchange with sufficient detail for Exchange regulatory staff to be able to verify the validity of the exemption grant with the issuing options exchange.<sup>4</sup>

The Exchange believes that by adding uniformity and predictability to the position limit process, the proposed rule change should be beneficial to the Exchange, OTP Holders and OTP Firms, and their customers. Moreover, the proposed rule change should promote competition by allowing trades across options exchanges that are similar in respect of position limits.<sup>5</sup>

The Exchange is also proposing to revise the rule numbering convention contained in the Commentary to Rule 6.8. This change is being made for technical purposes only in order to provide clarity to rules governing position limit exemptions on

<sup>4</sup> Additionally, the OTP Firm would have to fulfill all conditions precedent for such exemption grant and comply with the requirements of such exemption with respect to trading on the Exchange.

<sup>5</sup> The Exchange notes that all reporting requirements, such as Rule 6.6 (Reporting of Options Positions) remains in force.

NYSE Arca. The renumbering of the rules has no material effect on the actual meaning of the rules.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act<sup>6</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act<sup>7</sup> in particular, because it is designed to prevent fraudulent and manipulative acts and practices, and to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by allowing the Exchange to have uniform position limit procedures.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section

<sup>7</sup> 15 U.S.C. 78f (b)(5).

19(b)(3)(A)(iii) of the Act<sup>8</sup> and Rule 19b-4(f)(6) thereunder.<sup>9</sup> Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>10</sup> and Rule 19b-4(f)(6)(iii) thereunder.<sup>11</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>12</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>13</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will bring uniformity and predictability to the position limit process. Accordingly, the Commission hereby grants the Exchange's request and designates the proposal operative

<sup>10</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>11</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied the pre-filing requirement.

upon filing.<sup>14</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
